

The background of the entire cover is a photograph of a person standing on the peak of a rocky cliff. The person is silhouetted against a bright, low sun, creating a strong backlight effect. The sky is a mix of orange, yellow, and blue, suggesting a sunset or sunrise. The cliff's surface is rugged and textured. The overall mood is contemplative and inspiring.

Overcoming The World Grace To Win The Daily Battle:

Overcoming the World Joel R. Beeke, 2005 Exposes worldliness in the church and promotes the alternatives of genuine piety and holiness Parts 1 3 are designed for laymen part 4 for ministers **The Power of Truth in Perilous Times** Marcus E. Drake, 2024-09-25 Real Hope in the Midst of a Culture Gone Awry Yes we live in this kind of culture and world However it is clear in the Bible that the more we pursue the knowledge of God as defined and described in Scripture and the more we are devoted to him the more he will work in us and through us during the perilous times in which we live Therefore in thinking about the extraordinary impact biblical truth can have on our society this book focuses on three vitally important areas in the Bible how God reveals his existence through nature and his Word how he discloses his character through his attributes and promises and how he calls his people to seek the knowledge of himself through the fear of the Lord and the bearing of his image Thus the purpose of this book is to lead believers into a deeper understanding of what God is like a deeper understanding of what he has promised to those who know him and a deeper understanding of the unshakable hope and strong encouragement we have in God s Word as we live in a confused and deteriorating culture Rather than simply decrying the devastating changes in our nation and world this book clearly proclaims the hope that is ours in the very nature and character of God himself the identity and security believers have in Christ and the biblical guidance we need in order to be salt and light in our generation A God centered truth loving Christ exalting approach to life changes everything *A Hope Deferred* J. Stephen Yuille, 2013-10-01 We use the word adoption very casually today we speak of adopting pets books and highways Yet the word has a far nobler significance Adoption is the permanent placement of a child in a family with all its rights and privileges God has forever placed us in his family He has forever made us his children He has forever changed our legal status A Hope Deferred probes the depths of this wonderful reality and intertwines these blessings with an account of one family s journey to international adoption The result is a valuable glimpse into the essential relationship between adoption affliction and the fatherhood of God over his people **Lies, Lies, and More Lies!** Norman De Jong, 2009-02 LIES LIES and MORE LIES is an effort to address ultimate questions of truth and falsehood in a biblical comprehensive antithetical and yet very practical way Truth is more than words Truth is embodied in Jesus Christ who is the origin and ultimate standard of it Falsehood is distortion of God s truth and can be found everywhere We must confront it We must equip our children to identify and to resist it Norman De Jong has been an educator since 1958 and a pastor since 1993 He received a Ph D in Educational Philosophy from the University of Iowa in 1972 His dissertation focused on the relationship between democracy and the Kingdom of God Dr De Jong has served churches and schools in Australia Cyprus Kenya Newfoundland South Africa and the United States The antithetical relationship between truth and falsehood has been of concern to him since becoming a teacher Dedicated to a study of God s most Holy Word he has been testing ideas to see if they come from God or have been distorted by the devil Dr De Jong has been married for 50 years and has been blessed with

three children and thirteen grandchildren It is his desire that they learn the truth and reject falsehood Norman De Jong tells it like it is But in this book he does something far more important and helpful than merely sorting out the truth tellers from the liars He gives the reader tools for making those distinctions on his own He shows the reader how to develop both an objective and an intuitive sense for knowing whether the truth is being told in any given situation That is a profound and critical gift in this relativistic age JOEL BELZ Founder World Magazine
