## **Roblox Simulator For Kids 2025:**

New Forms of Civic Resistance and Activism Tine Munk, Elliot Doornbos, Ian Mahoney, 2025-12-16 This interdisciplinary collection examines how contemporary movements are reshaping political social and environmental landscapes through both online and offline means including creative expression and grassroots mobilisation. This book analyses non violent activism political resistance mobilisation responses to hate and environmental activism. It brings together a wide range of academic perspectives with contributions from scholars and practitioners across the social sciences and humanities political science the natural sciences and environmental studies. By examining the synergy between online and offline actions it highlights how these actions are interconnected with online platforms and virtual spaces and in doing so it addresses the urgent need for compelling and legitimate civic resistance strategies in the modern world. It explores the intersection of digital platforms and real world action providing fresh insights into how activism is increasingly transcending geographical technological and conceptual boundaries. New Forms of Civic Resistance and Activism will appeal to scholars and students of criminology social and political science environmental studies media and communication studies cybercrime and cyber security. It will also interest activists policymakers practitioners and general readers who are curious about contemporary social movements. **Virtual Fieldwork in Humanities Education** Teddy Y. H. Sim, Kenneth Y. T. Lim, Hwee Hwang Sim, 2025-05-31 This book is a sequel to the book Fieldwork in Humanities Education in Singapore Springer 2021. It addresses some of the queries raised in response to the first book on the utility of the physical or face to face fieldwork. Combining the opportunities unraveled by new technologies and diverse demands to actualize learning this book showcases a variety of engagements in virtual fieldwork. These demonstrate current developments in the deployment of fieldwork in teaching and learning in Singapore as well as discuss pertinent interacting issues in technology that arise. The chapters in this book inform evidence based recommendations for inter alia the integration of virtual reality VR systems into place based curricula. The drive towards better and more advanced technology is a relentless trend. At the same time the still evolving nature of frontier technologies
