Luau is deemed to be a gradually typed embeddable scripting language that is harnessed to develop Roblox games via Roblox Studio. Roblox Studio is deemed to be an engine of Roblox that Roblox games can be developed on. On Roblox Studio, video game developers can also develop purchasable content to sell for their Roblox games. Roblox Studio is also a game development platform that renders it possible for video game developers to actualize their lofty creative visions for Roblox games in a short time span. As of May of 2025, bringing lofty creative visions for Roblox games to fruition does not bear any game engine use fees since it is free to utilize Roblox Studio. Some of the disparate types of game engine use fees that video game developers can incur when they develop video games on game engines that are not free to utilize to develop video games encompass subscription fees and licensing fees. As a corollary of Roblox Studio being a free-to-utilize engine, it is far less expensive for video game developers to attempt to actualize their lofty creative visions for Roblox games than it is for them to actualize their lofty creative visions for video games on game engines that are not free to utilize to develop video games. There are a surfeit of different ways in which a person can meticulously learn how to write code in Luau.
