**Introduction to Global Health Promotion** Rick S. Zimmerman, Ralph J. DiClemente, Jon K. Andrus, Everold N. Hosein, 2016-05-16 Introduction to Global Health Promotion addresses a breadth and depth of public health topics that students and emerging professionals in the field must understand as the world's burden of disease changes with non-communicable diseases on the rise in low and middle income countries as their middle class populations grow. Now more than ever we need to provide health advocacy and intervention to prevent, predict and address emerging global health issues. This new text from the Society for Public Health Education (SOPHE) prepares readers with thorough and thoughtful chapters on global health promotion theories, best practices and perspectives on the future of the field from the individual to the global level. The world's biggest health care challenges including HIV, malaria, heart disease, smoking and violence among others are explored in detail in *Introduction to Global Health Promotion*. The state of the science including the latest empirical data is distilled into 19 chapters that update readers on the complex issues surrounding a variety of illnesses and conditions and disease epidemics and individual, social, institutional and governmental barriers to preventing them. Expert authors bring to the fore human rights issues, new uses of technology and practical application of theory. These perspectives, along with the book's multidisciplinary approach, serve to create a well rounded understanding of global health today. **Emmy**, 2002 *Broadcasting*, 1982-10 *Scriptwriting for Film, Television and New Media* Alan Hueth, 2019-02-18 What are the foundations of scriptwriting? Why do some scripts gain more prestige than others? How do you write a script and get it noticed? *Scriptwriting for Film, Television and New Media* answers these questions and more, offering a comprehensive introduction to writing scripts for film, television, the Internet and interactive multimedia. Author Alan C. Hueth explains not just how to write but how to think and apply the fundamental principles of screenwriting to multiple platforms and genres. This includes chapters on numerous script formats, including drama and comedy in film and TV, short films, commercials and PSAs, news and sports interview shows, documentaries, reality shows and corporate and educational media, including interactive multimedia. This book also addresses legal and ethical issues, how to become a professional scriptwriter and a section on production language that provides helpful explanations of how camera, locations, visual and audio effects combine on screen to engage and sustain viewer attention and, consequently, how to improve scriptwriting technique. The book features numerous case studies and detailed examples, including chapter-by-chapter exercises, plot diagrams, quick look and learn tables that assist readers to quickly understand genre related script elements and in-depth script close ups to examine precisely how writers utilize the principles and elements of drama to create a successful script. It is also supported by a comprehensive companion website with further case studies, assignments, video clips and examples of films and programs discussed in the book. *Scriptwriting for Film, Television and New Media* is ideal for aspiring scriptwriters and anyone wanting to broaden their understanding of how successful scripts are created.
