Sense in the City this book is the perfect companion for anybody intrigued by Barcelona's artistic pulse Multilingualism from Manuscript to 3D Matylda Włodarczyk, Jukka Tyrkkö, Elżbieta Adamczyk, 2023-01-24 This collection explores the links between multimodality and multilingualism charting the interplay between languages channels and forms of communication in multilingual written texts from historical manuscripts through to the new media of today and the non verbal associations they evoke The volume argues that features of written texts such as graphics layout boundary marking and typography are inseparable from verbal content Taken together the chapters adopt a systematic historical perspective to investigate this interplay over time and highlight the ways in which the two disciplines might further inform one another in the future as new technologies emerge The first half of the volume considers texts where semiotic resources are the sites of modes where multiple linguistic codes interact on the page and generate extralinguistic associations through visual features and spatial organisation The second half of the book looks at texts where this interface occurs not in the text but rather in the cultural practices involved in social materiality and text transmission Enhancing our understandings of multimodal resources in both historical and contemporary communication this book will be of interest to scholars in multimodality multilingualism historical communication discourse analysis and cultural studies Chapters 1 4 and 5 of this book are available for free in PDF format as Open Access from the individual product page at www.routledge.com Chapters 1 4 have been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license with Chapter 5 being made available under a Creative Commons Attribution 4 0 license

Opera Wars Caitlin Vincent,2026-01-13 Blunt irreverent and at times wittily subversive Opera Wars spotlights opera s colorful and sometimes warring personalities increasingly fierce controversies over content and the battles being waged for its economic future Drawing on interviews with dozens of opera insiders as well as her own experience as an award winning librettist trained vocalist opera company director and arts commentator Caitlin Vincent deftly unravels clich s and presumptions exposing such debates as how much fidelity is owed to long dead opera composers whose plots often stir

racial and gender sensitivities whether there s any cure for typecasting that leaves talented performers out of work and other performers chained to the same roles and what explains the bizarre kowtowing of opera companies to the demands of traditionalist patrons Vincent never shrinks from depicting the industry s top to bottom messiness and its stubborn resistance to change Yet like a lover who can t quite break away she always comes back to her veneration for the artform and in these pages stirringly evokes those moments on stage that can be counted on to make ardent fans of the most skeptical *The InstaGuide* C.
