 understanding of the relationship between nations has undergone a radical transformation The role of the traditional nation
 state is diminishing along with many of the traditional vocabularies which were once used to describe what has been called
 ever since Jeremy Bentham coined the phrase in 1780 international law The older boundaries between states are growing
 ever more fluid new conceptions and new languages have emerged which are slowly coming to replace the image of a world
 of sovereign independent nation states that has dominated the study of international relations since the early nineteenth
 century This redefinition of the international arena demands a new understanding of classical and contemporary questions in
 international and legal theories It is the editors conviction that the best way to achieve this is by bridging the traditional
 divide between international legal theory intellectual history and legal and political history The aim of the series therefore is
 to provide a forum for historical studies from classical antiquity to the twenty first century that are theoretically informed
