*Nordic Work with Traumatized Refugees* Eugene Guribye, Birgit Lie, Gwynyth Overland, 2014-09-26 The Nordic welfare societies have been described as beacons of light in work with refugees with their emphasis on egalitarian and extensive benefit levels wealth redistribution promotion of gender equality and maximisation of labour force participation Members of the population benefit from free education universal healthcare and public services that provide an elaborate social safety net The conditions seem favourable for refugees exposed to severely traumatic events in countries of origin and in flight who have come to rest in the safe havens of the Nordic countries But has society really done what it could and should in the field of refugee mental health Does it really care This book provides an investigative perspective on challenges encountered by professionals in the Nordic countries in refugee mental health and care addressing key contemporary challenges faced by forcibly displaced populations Leading academics and practitioners working with refugees in clinics universities and research centres in the fields of psychiatry psychology nursing physical therapies social work child care education anthropology and sociology present their work on care treatment perspectives human rights families in flight and exile asylum seekers and undocumented migrants In general the growing focus on trauma refugee streams and unresolved issues around the world makes this book a useful source work for the increasing number of professions being drawn into this work In regard to universities and colleges it offers transcultural perspectives in medicine nursing social work and social science *Nordic Work with Traumatized Refugees* Gwynyth Overland, 2014

Public Health Ethics: Cases Spanning the Globe Drue H. Barrett, Leonard W. Ortmann, Angus Dawson, Carla Saenz, Andreas Reis, Gail Bolan, 2016-04-12 This Open Access book highlights the ethical issues and dilemmas that arise in the practice of public health It is also a tool to support instruction debate and dialogue regarding public health ethics Although the practice of public health has always included consideration of ethical issues the field of public health ethics as a discipline is a relatively new and emerging area There are few practical training resources for public health practitioners especially resources which include discussion of realistic cases which are likely to arise in the practice of public health This work discusses these issues on a case to case basis and helps create awareness and understanding of the ethics of public health care The main audience for the casebook is public health practitioners including front line workers field epidemiology trainers and trainees managers planners and decision makers who have an interest in learning about how to integrate ethical analysis into their day to day public health practice The casebook is also useful to schools of public health and public health students as well as to academic ethicists who can use the book to teach public health ethics and distinguish it from clinical and research ethics *Psychological Support for Refugee Adolescents* Rachel Hoare, 2025-11-24 *Psychological Support for Refugee Adolescents* demonstrates the therapeutic powers of the expressive arts to address the specific needs of adolescent refugees in a trauma informed and culturally sensitive manner Bridging the gaps in guidance on support for refugee adolescents this essential resource integrates neuroscience

trauma theory and creative interventions and provides tools for readers to use in both clinical and non clinical settings Chapters are organised into sections tailored to support the professionals involved in caring for adolescent refugees including both psychotherapists and non psychotherapists with practical advice that is accessible across disciplines Through richly detailed case studies featuring diverse refugee experiences this book demonstrates how creative modalities including visual arts music movement and embodied practices can be expertly tailored to honour cultural contexts while also addressing trauma symptoms sleep disturbances isolation and other challenges An essential read for any professional involved in support for adolescent refugees this book will also be of interest to arts and expressive therapists and mental health practitioners more broadly The online support material for this book includes downloadable and photocopiable activities tailored for application to both psychotherapeutic and more general wellbeing support aiding readers in their work with refugee adolescents

**Living Apart Together Transnationally (LATT) Couples** Rashmi Singla, 2024-05-18 This book provides deep insight into intimacy and distance in the complex globalised world through the newly coined concept of couples living apart together transnationally LATT Based on a review of the past four decades seminal studies and narratives from a qualitative empirical study including both heterosexual and same sex couples it shows intimacy can be maintained without geographical proximity The book has a rich layered and nuanced exploration of LATT couples experiences of relationship maintenance across distance and time through diverse ways such as digital emotions online sexual activity and meaning making through spirituality which challenge existing Eurocentric conceptualisations of intimacy and relationships It also reveals an array of good practices for relationship maintenance across countries which can inspire other couples and practitioners Thus the book is an important resource not only for academics in the disciplines of psychology anthropology cultural studies family science sociology migration and communication but particularly useful for practitioners dealing with couple relationships such as counselors social workers and mental health advisors It is also relevant for international organizations and multinational corporations working with couples living apart together transnationally The implications of this book for how we live now are clear in a more closely connected and mobile world the possibility of living our most intimate relationships across distance will affect increasing numbers of us the book's informative theoretical and practical messages have valuable lessons for many of us now and in the future Dr Lucy Williams University of Kent the UK **Living Apart Together Transnationally LATT Couples** Promoting mental health and intimacy gives us insights into the everyday lives of couples living apart together LAT in a contemporary world characterized by globalisation and pandemics that have affected border controls and migration policies in different countries Rashmi Singla invites us to challenge the way we understand intimate relationships that are connected to physical proximity and provides us with innovative ways to maintain emotional and physical intimacy despite geographical separation Sayaka Osanami Trngren Associate Professor of International Migration and Ethnic Relations Malm University Sweden Dr Rashmi Singla's book **Living Apart Together**

Transnationally addresses a very important problem many modern couples encounter living apart in different countries. The increasing globalization of the job market and mass migration in the past four decades have made this topic more important than ever before. However, research about love and life in such conditions is still limited. The research presented in this book reveals some new qualitative research findings about how partners maintain health and intimacy in such challenging conditions. This book presents novel and invaluable research for scholars in the area of love and couple relationships.

Victor Karandashev, Ph.D., Professor of Aquinas College, Michigan, The U.S.A.  
Dr. Rashmi Singla's work, *Living Apart Together Transnationally*, LATT, stands as a profoundly empirical exploration of long distance couples spanning international borders. The book provides captivating revelations into the lives, intimacies, and spiritual dimensions of such relationships. Offering an interdisciplinary approach, it establishes a robust groundwork for further investigations in this emerging field.

Lise Paulsen Galal, PhD, Associate Professor in Intercultural Studies, Roskilde University, Denmark. How important is proximity in intimate relationships when partners live apart in different countries? This question sits at the core of this timely book, which offers new insights in part through the range of areas considered but also through its challenge to existing Eurocentric conceptualisations of intimacy and relationships. Using narratives collected in in-depth interviews, including through the period of Covid-19, Dr. Rashmi Singla provides rich accounts of living apart together (LAT) but vitally adding a transnational perspective.

LATT, Dr. Tina Miller, Professor of Sociology, Oxford Brookes University, UK. Author of *Motherhood: Contemporary Experiences and Generational Change*, Cambridge University Press, 2023. The book *Living Apart Together Transnationally: LATT Couples Promoting Mental Health and Intimacy* is based on an empirical study on couples living apart transnationally. Collecting data on couples is difficult, and for that alone, I appreciate the work done by the author. Given that migration and mobility of families and couples is not likely to come to an end with the pandemic, a study that brings together experiences of couples compelled to live apart would be illustrative. The book refers to using social media for couples to connect with each other. This is useful information in the social and digital worlds that we live in. The phenomenon of migration and couples having to live apart is an ongoing one which is likely to be of interest to many academics and practitioners from host and receiving countries.

Professor Sujata Sriram, Dean, School of Human Ecology, Tata Institute of Social Sciences, Mumbai, India. This ground-breaking book provides new knowledge of how the increasing number of couples living apart together in different countries, the so-called LATT couples, cope with their situation and how they can maintain intimate relationships despite the distance. Based on in-depth interviews with heterosexual and same-sex couples spread all over the world and including the author's own lived experiences, the book convincingly challenges the conventional wisdom that cohabitation is a necessary condition for intimacy. Through a novel theoretical framework, Rashmi Singla highlights changing gendered orders and the challenges that meet long distance relationships crossing the Global North/Global South divide.

Drude Dahlerup, Professor of Political Science, Stockholm and Roskilde Universities, Sweden and Denmark. *Living Apart Together* is a timely
