Norman Mailer Moonfire Legend Re Apollo:

The Moonshot Effect Kate Purmal, Lisa Goldman, Anne Janzer, 2016-06-14 What is the best way to transform teams, elevate leaders and catapult careers? Launch a Moonshot, a game-changing project that disrupts business as usual. Drawing on the seminal 1961 Moonshot story of President Kennedy as well as real-life stories from the authors' work, *The Moonshot Effect* steps you through the elements of a successful moonshot: from assembling a high-performance team, selling your vision and executing the plan. *The Moonshot Effect* is a must-read for leaders and includes 24 critical practices that are not only essential to leading and managing a successful moonshot but can benefit executives and entrepreneurs on a daily basis. With Lisa and Kate as your guides, you'll be ready to launch your own moonshot. Kate Purmal and Lisa Goldman were members of extraordinary moonshot teams early in their careers and have since inspired, led or guided countless moonshot projects. Today they speak and write about the power of moonshots and challenge CEOs, leaders and their teams to launch projects that will transform their businesses and careers.

Scavengers of Beauty Philippe Sibaud, 2020-08-28 Why was the mission to the Moon named after the God of the Sun and not after a Moon Goddess or God? In this unconventional work, Philippe Sibaud explores the symbolism behind the 1969 landing on the Moon. More than fifty years after this seminal event and whilst the Moon is attracting renewed interest, the author offers a bold new interpretation of the iconic Apollo mission. Was the Apollo landing the ultimate triumph of solar consciousness over the ancient lunar ways, a concrete enactment of the god Apollo mythically slaying the mother dragon at Delphi, or can the whole venture be seen as the sacred union of Sun and Moon birthing a new vision at a time of great need? By weaving his own personal story with a greater cultural and symbolic narrative, Philippe Sibaud invites us to reflect on the importance of myths and the power of the Imagination to unlock the deeper meaning of our individual and collective experiences. You will never look at the Moon with the same eyes again.
