North American ISDN Users' Forum (NIUF) North American ISDN Users' Forum. Meeting, 1999-06 **The North American ISDN Users' Forum (NIUF)** ,1999 **Theorem Proving in Higher Order Logics** David Basin, Burkhart Wolff, 2003-08-21 This volume constitutes the proceedings of the 16th International Conference on Theorem Proving in Higher Order Logics TPHOLs 2003 held September 8-12, 2003 in Rome, Italy. TPHOLs covers all aspects of theorem proving in higher order logics as well as related topics in theorem proving and verification. TPHOLs 2003 was co-located with TABLEAUX the International Conference on Automated Reasoning with Analytic Tableaux and Related Methods and with Calculemus the Symposium on the Integration of Symbolic Computation and Mechanized Reasoning. There were 50 papers submitted to TPHOLs in the full research category each of which was refereed by at least 3 reviewers selected by the program committee. Of these submissions, 21 were accepted for presentation at the conference and publication in this volume. In keeping with tradition, TPHOLs 2003 also offered a venue for the presentation of work in progress where researchers give a brief preliminary talk and then discuss their work at a poster session. A supplementary proceedings containing associated papers for work in progress was published by the computer science department at the University of Freiburg. The organizers are grateful to Jean-Raymond Abrial, Patrick Lincoln, and Dale Miller for agreeing to give invited talks at TPHOLs 2003. The TPHOLs conference traditionally changes continent each year in order to maximize the chances that researchers from around the world can attend. *Mergent OTC Unlisted Manual* ,2003 **Network World** ,1996-03-11 For more than 20 years Network World has been the premier provider of information intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations.
