Project Based Learning in Real World U.S. History Classrooms Diana B. Turk, Stacie Brensilver Berman, 2024-08-01

Project Based Learning in Real World U S History Classrooms demonstrates how a project based learning approach can enrich and enliven the learning and teaching of U S history for middle and secondary level students. It offers rich pedagogically innovative and academically rigorous project based learning units that can help students connect with and deeply understand key events and trends in U S history. For each major topic that is covered in U S history classrooms, this volume shows how rich historical material can be made accessible and exciting to a wide range of student learners using projects that engage them critically, imaginatively, and analytically. This book is essential reading for pre-service and practicing teachers in Social Studies Education, History Education, and Secondary Education.

Handbook of Research on Adult Learning in Higher Education Okojie, Mabel C.P.O., Boulder, Tinukwa C., 2020-02-01. In today's globalized world, professional fields are continually transforming to keep pace with advancing methods of practice. The theory of adult learning specifically is a subject that has seen new innovations and insights with the advancement of online and blended learning. Examining new principles and characteristics in adult learning is imperative as emerging technologies are rapidly shifting the standards of higher education. The Handbook of Research on Adult Learning in Higher Education is a collection of innovative research on the methods and applications of adult education in residential, online, and blended course delivery formats. This book will focus on the impact that culture, globalization, and emerging technology currently has on adult education. While highlighting topics including andragogical principles, professional development, and artificial intelligence, this book is ideally designed for teachers, program developers, instructional designers, technologists, educational practitioners, deans, researchers, higher education faculty, and students seeking current research on new methodologies in adult education.

Best Practices in Sustainable Built Environments Jessica Siva, Josephine Vaughan, Saurabh Verma, Priyanka Kochhar, 2025-11-01. This handbook offers a comprehensive guide for built environment students, educators, and practitioners interested in integrating sustainable solutions into their projects. With climate change posing a global emergency, this handbook provides timely guidance and inspiration, showcasing practical information and case studies from two distinct geographical locations: India and Australia. This handbook also presents innovative approaches for teaching and learning about sustainable built environment practices, highlighting engaging teaching methods used in both India and Australia to equip future sustainability leaders with the necessary skills and knowledge to address the climate emergency. It also showcases detailed case studies demonstrating best practices in sustainable built environments, with practical suggestions for implementation and scalability. Additionally, the handbook discusses the role of policy and governance as an enabler for climate change mitigation and sustainable transitions in both India and Australia. The book is a valuable reference for built environment students, educators, and practitioners in sustainable design and construction, architecture, engineering, and

construction policymakers and government officials involved in urban planning and sustainability and professionals seeking to enhance their understanding of sustainable practices in the built environment
