First Day of Menstruation  
(Second Cycle)

Ovulation

You're most fertile at the time of ovulation (when an egg is released from your ovaries), which usually occurs 12 to 14 days before your next period starts. This is the time of the month when you're most likely to get pregnant. It's unlikely that you'll get pregnant just after your period, although it can happen.

Lowdermilk, 2022-03-05 Master the essentials of maternity and pediatric nursing with this comprehensive all in one text  
Maternal Child Nursing Care 7th Edition covers the issues and concerns of women during their childbearing years and  
children during their developing years. It uses a family centered problem solving approach to patient care with guidelines  
supported by evidence based practice. New to this edition is an emphasis on clinical judgment skills and a new chapter on  
children with integumentary dysfunction. Written by a team of experts led by Shannon E. Perry and Marilyn J. Hockenberry,  
this book provides the accurate information you need to succeed in the classroom, the clinical setting and on the Next  
Generation NCLEX RN examination. Focus on the family throughout the text emphasizes the influence of the entire family in  
health and illness. Expert authors of the market leading maternity and pediatric nursing textbooks combine to ensure delivery  
of the most accurate up to date content. Information on victims of sexual abuse as parents and human trafficking helps  
prepare students to handle these delicate issues. Nursing Alerts highlight critical information that could lead to deteriorating  
or emergency situations. Guidelines boxes outline nursing procedures in an easy to follow format. Evidence Based Practice  
boxes include findings from recent clinical studies. Emergency Treatment boxes describe the signs and symptoms of  
emergency situations and provide step by step interventions. Atraumatic Care boxes teach students how to manage pain and  
provide competent care to pediatric patients with the least amount of physical or psychological stress. Community Focus  
boxes emphasize community issues, provide resources and guidance and illustrate nursing care in a variety of settings. Patient  
Teaching boxes highlight important information nurses need to communicate to patients and families. Cultural Considerations  
boxes describe beliefs and practices relating to pregnancy, labor and birth, parenting and women's health. Family Centered  
Care boxes draw attention to the needs or concerns of families that students should consider to provide family centered care.
