The Biden White House is expected to send a letter to news agencies directing them to ramp up scrutiny of the Impeachment inquiry into President Joe Biden.

According to the leaked letter the White House is attempting to influence the medias perspective and dictate how they report. They're asking the media to report on the lack of evidence and we're already seeing some outlets jump on board.

This is not democracy. This mixed with everything else this administration has done crosses every line we as Americans consider sacred. This is without a doubt the most corrupt time in American history!

Now it's becoming increasingly clear that Trump was right about everything! How can anyone rational American vote for this in 2024?
