Select Your Electric Car Dale Stubbart, An Electric Car is often referred to as an electric vehicle or EV In Select Your Electric Car I explore the various options of EVs available in the United States If you live in California or in one of the other states which have similar zero emission vehicle standards you will have more choices These states have laws that car companies selling cars in their state must provide a certain percentage of EVs I am going to focus on the EVs which are widely available in the US now 2018 I ll compare them so that hopefully you will be able to purchase the EV which fits your lifestyle or the lifestyle which you plan to adopt once you own an EV I ll also look at a few other EVs which are not as widely available In 2019 car dealers will be offering more models of EVs nationally at least that s the plan I m thinking that you might want a car with more of a track record So I won t be saying as much about those models though I will mention them The US ranks seventh in number of EVs sold following China United Kingdom France Sweden Netherlands and Norway who is at 1 If you wanted to wait until 2019 to drive your EV and you had 200 000 200K to spare and you had a Commercial Driver s License CDL or could hire a driver who did why not just purchase a Tesla Electric Semi After all Elon Musk is now saying it will have a 600 mile range Even if he s only 75% correct that s still a 450 mile range I could drive into town Olympia every day of the week and up to the big city Seattle on the weekend And I still wouldn t have to charge my rig And in Aug 2018 a Tesla Semi made it from Coast to Coast across the US It did have to be recharged But the driver was able to find charging stations which were powerful enough to charge it But where would I park the thing Besides I don t have a CDL And the few people I know who do aren t interested in being my personal chauffeur I also definitely don t have 200K that I can afford to spend on my next vehicle I won t talk about the Tesla Semi in this book You can read about that vehicle in my book The Hybrid Vehicle I ll also mention techniques for driving an EV which will expand their range At least these techniques work when driving my 2015 Electric Nissan Leaf Rating G Reading Level Easy 6th Grade Longest Word Oversimplification

Fighting for Us Diamond Johnson, 2018-05-04. There's an old quote that goes: "What hurts more than losing you is knowing you're not fighting to keep me." Kenya Ross and Trevonte Dread Ross are the Miami couple that everyone would consider relationship goals. The couple has been together for fourteen years, and as deeply as they love each other, they just can't seem to get it right. Kenya is one of the top real estate agents in Miami, Florida, and her job takes up a lot of her time, making her unintentionally slack on her motherly and wifely duties. Trevonte owns soul food businesses throughout Miami, Los Angeles, and Atlanta, but he still manages his time to be there for his wife and children. In this marriage, we will see firsthand all the curve balls that this couple will go through. The pressure of balancing work and family causes Kenya to do the ultimate thing that could end her marriage. Find out if this love is even worth fighting for. Will this beautiful couple, who share children and love, be able to overcome the hardships that will be thrown their way?
