They are watched by millions of people not only in the US but all over the world. A circumstance that is often not noticed by less informed viewers is that the most famous part of the elections, namely the presidential inauguration, is preceded by weeks, months and even years of presidential campaigning where candidates raise and spend vast amounts of money in order to convince the American citizens to give them their vote. These campaigns have commonly consisted of journeys throughout the entire country, rallies, conventions and speeches, but lately another medium has been taking a great role in the competition: Social Media. Especially during the 2016 election cycle, Twitter became a campaign tool that never has been used during political campaigns to this extent before. Donald Trump, in particular, has made use of Twitter to such a great extent that it

sometimes even seemed like his official speaking tube The introductory chapters of this work are dedicated to Obama's social media pioneer work during his 2008 election cycle Then the Twitter phenomenon Trump will be analyzed based on an analysis of recurring patterns in a selection of his tweets His controversial behavior online as well as offline will be set out as well From the contents Trump Campaign Twitter Social Media Politics Presidential Elections USA Dem berblick ber politische Wahlkampfstrategien vor und seit der Instrumentalisierung der neuen Medien ist eine konzise und zielf hrende Einf hrung in das US amerikanische Wahlsystem vorangestellt Zudem werden grundlegende Begrifflichkeiten der neuen Medien unter Bezug auf einschlgige Quellen angemessen erl utert Die Wende hin zu den neuen Medien im Pr sidentschaftswahlkampf seit Obama wird sehr gut zusammengefasst und mit Fragen der Wahlbeteiligung bzw zur vermeintlichen Politikverdrossenheit in Verbindung gebracht Im zweiten Kapitel wird Donald Trump als Twitter Ph nomen diskutiert und aufgezeigt welche Rolle sein Verhalten in der Kampagne einnahm Es folgt eine genauere Analyse der Muster in den Tweets gest tzt auf gut ausgew hlte medienanalytische Quellen
