The Madness of Michele Bachmann Ken Avidor, Karl Bremer, Eva Young, 2011-11-02 This fact packed expos reveals all the dirty little secrets that Michele Bachmann would rather you didn't know Since Michele Bachmann became a front runner for the Republican presidential nomination journalists have been plumbing the depths of the well regarded blog Dump Bachmann for material on her Now the bloggers themselves pour forth a decade's worth of research and analysis to show that no matter what you've heard about Bachmann there's worse Much worse After dogging her heels for the past decade they reveal the blood curdling truth about the woman who may well become the Republican Party's 2012 presidential nominee Describes Bachmann's faith based antischool agenda and antigay crusade Explores her fellow travelers her problematic pastors and criminal supporters any of whom could become her Rev Jeremiah Wright Reveals the boondoggles she's supported the pernicious legislation she's championed but fortunately almost never passed and her foreign policy which boils down to Jesus will be her Secretary of Defense Exposes the truth behind the notorious Bathroomgate incident Uncovers the influence of outside money on Bachmann's campaigns causes and policies Democrats disappointed by Obama Republicans embarrassed by their party's shallow field of candidates and moderate independents looking for a reasonable choice need to know all they can about presidential contenders The Madness of Michele Bachman provides deep background they won't find in the mainstream media

Conservative at the Core Allan J. Lichtman, 2025-09-01 Conservative at the Core unpacks the history rhetoric and policies of the American conservative movement and probes the truth about what conservatism actually represents Allan J Lichtman investigates the foundations and history of conservative thought to identify and reveal the central crisis that lies at the heart of conservative principles and today's politics He explores a century of American conservative politics to demonstrate that professed conservative principles free enterprise limited government fiscal responsibility states rights law and order personal morality and American sovereignty are dispensable notions for public appeal only Instead conservatives have only consistently advanced their version of traditional Christian values and support for private not free enterprise Lichtman provides a sweeping history of the American conservative movement from the end of World War I to the present day He draws on leaders like Calvin Coolidge Herbert Hoover Richard Nixon Ronald Reagan George W Bush Donald J Trump and the conservative Democrats responsible for Jim Crow discrimination in the South Contrary to those who have described Trump as a deviation from professed core principles Conservative at the Core ultimately argues that Trump and his allies represent the culmination of the American conservative tradition consistently upholding and fulfilling conservative nationalist values

Liberty Means Freedom for All Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It's an election year and as a young

progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand s philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved
