**A Thin Line Between Love and Lust** C E Long,2017-11-22 What happens when we open ourselves to the idea that love does not need a sole proprietor that our hearts aren't bound by standards that tell us who and how to love What happens if we were to live and love outside of the box This is the story of a few daring individuals who will choose to test the boundaries of that love and explore its possibilities Prepare yourself because this is not your average romance novel This is a polyamorous love story that breaks all the rules

**Not Your Average Romance Novel** Charlie Mack,2014-01-31 Some say you only get one chance at a soul mate yet many who have had their hearts broken will testify that they were able to love again We all piggyback relationships one to the next always believing that this time is it this time is different Why Why must we discount old loves in order to give credit to the new How do you measure one over the other What if there was another way This is a tale of what happens when we refuse to choose when we refuse to be bound by standards when we refuse to see love as anything less than what it is and allow ourselves to test its limits This is not your average romance novel so be warned things may get a little steamy
