## Book False Documents Peter Lamborn Wilson:

**False Documents** Peter Lamborn Wilson, 2016 False Documents by Peter Lamborn Wilson Hakim Bey is a series of Borgesian and Nabokovian fictions each pretending to be a document from various literary commercial or otherwise culturally pertinent contexts. Together they comprise an exciting mysterious and mind alteringly funny tour de force of structural imagination an intricate reflection on the alchemy of creation and dissolution for a contemporary world whose discursive forms tend to obscure as often as illuminate. We as readers journey through the layers of human consciousness into the arena of mythology religion conspiracy history sexuality and folklore where fact and fiction meet in a collision of scholarly playful texts covering centuries of forgotten or unknown windows opening forth into a land that drips with forbidden knowledge where true or false disappear into the yarn. Famous for his writings in anarchist philosophy and practice including the coining of the phrase Temporary Autonomous Zone or TAZ Peter Lamborn Wilson Hakim Bey again illustrates that only a position outside of history can truly zero in on its deformed heart which he does with laughter insight and poignant care.

**Journeys East** Harry Oldmeadow, 2004-04-28 This is the first book to treat the impact of religious philosophical and psychological traditions of the East on Western intellectuals artists travellers and spiritual seekers in the twentieth century Addressed to both general readers and scholars of religion it is especially valuable for its penetrating and inter religious analysis of two of the most compelling themes now facing the world the emergence of cross cultural religious understanding of the natural order and ecological crisis and the metaphysical basis for both the formal diversity and essential unity of religious traditions of both East and West The West has long romanticized the mysterious East but it has also judged its traditions as uncivilized Our notions about Eastern spirituality have been formed by a succession of travellers scientists artists intellectuals poets philosophers and missionaries as well as by Eastern travellers who have spent time in the West This book helps us to recognize the influence of Eastern ideas upon modern Western thought by tracing the history of engagements between East and West up until the present day It concludes with a section that helps us to perceive the timeless value of the many Eastern contributions to the West s current intellectual and spiritual state

Escape from the Nineteenth Century Peter Lamborn Wilson, 1998 Literary Nonfiction ESCAPE FROM THE NINETEENTH CENTURY is a group of essays by cultural critic Peter Lamborn Wilson and tackles the notion of modern progress Did the Nineteenth Century ever come to an end Was the Twentieth Century just a rerun And what about the Twenty First Century the New Millennium Another lackluster confirmation of the Eternal Return Another garden of secondhand time If to know History as tragedy is to escape its repetition as farce then perhaps we need to look more deeply at this Past that won t stop haunting us Two illuminated madmen Charles Fourier and Friedrich Nietzsche and two too sane geniuses J P Proudhon and Karl Marx are enlisted in the breakout plan
