**Derivative Media** Andrew deWaard, 2024-09-03 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit [www.luminosoa.org](http://www.luminosoa.org) to learn more Sequels reboots franchises and songs that remake old songs does it feel like everything new in popular culture is just derivative of something old Contrary to popular belief the reason is not audiences or marketing but Wall Street In this book Andrew deWaard shows how the financial sector is dismantling the creative capacity of cultural industries by upwardly redistributing wealth consolidating corporate media harming creative labor and restricting our collective media culture Moreover financialization is transforming the very character of our mediascapes for branded transactions Our media are increasingly shaped by the profit extraction techniques of hedge funds asset managers venture capitalists private equity firms and derivatives traders Illustrated with examples drawn from popular culture Derivative Media offers readers the critical financial literacy necessary to understand the destructive financialization of film television and popular music and provides a plan to reverse this dire threat to culture

**Reasserting the Disney Brand in the Streaming Era** Robert Alan Brooke, Jason Phillips, Timothy Pollard, 2023-04-07 Reasserting the Disney Brand in the Streaming Era investigates the evolution of the Disney brand at a pivotal moment the move from content creation to acquisition and streaming and how the company reasserted its brand in a changing marketplace Exploring how Disney's acquisition of Pixar Marvel Lucasfilm and Fox positioned the company to launch the Disney streaming service the chapters look at the history of those acquisitions and the deployment of the content brands and intellectual property from those acquisitions through an analysis of the original content that appeared on Disney Offering a focused investigation of how the content offered from these various media brands was adapted for Disney so that it reflects the Disney brand the authors illustrate through close textual analysis how this content reflects elements of the Classic Disney Style The analysis positions these texts in relation to their industrial contexts while also identifying important touchstone texts both television and film in Disney's catalog This comprehensive and thoughtful analysis will interest upper level students and scholars of media studies political economy Disney studies media industries and new technology

**Communication Technology Update and Fundamentals** August E. Grant, 2014-08-07 A classic now in its 14th edition Communication Technology Update and Fundamentals is the single best resource for students and professionals looking to brush up on how these technologies have developed grown and converged as well as what's in store for the future It begins by developing the communication technology framework the history ecosystem and structure then delves into each type of technology including everything from mass media to computers and consumer electronics to networking technologies Each chapter is written by faculty and industry experts who provide snapshots of the state of each individual field altogether providing a broad overview of the role communication technologies play in our everyday lives Key features Gives students and professionals the latest information in all areas of communication technology The companion website offers updated

information and useful links to related industry resources and an instructor site provides a sample syllabus and a test bank This edition features new chapters on automotive telematics digital health and telepresence as well as expanded coverage of tablets phablets and 4K ultra high definition television

**Sentient Strategy** Alan Weiss, 2023-03-23 No pre pandemic strategy is effective anymore None Not for organizations large or small for profit or non profit domestic or global Claims of a return to normal or the new normal are ridiculous What we re facing is really a new reality and that reality is the need for agile strategic decisions and pragmatic views of the future That means that strategy formulation can be reduced to a few days and the view of the future can only be 12 18 months This is the antithesis of Peter Drucker s approach to strategy but his highly effective approach was developed at GM three quarters of a century ago It s time to move on Alan Weiss has developed an original and completely new approach to strategy which thus far has certified over 100 people globally delivering this approach to scores of firms of all types in four countries More than two dozen firms are using this approach Sentient Strategy is based on two modern dimensions awareness of the environment in which the organization exists and has influence and consciousness of the impact of actions being considered The old SWOT strengths weaknesses opportunities threats approaches are currently equivalent to riding down the freeway on a horse We must drop the hubris that has led us to believe we can see years ahead and anticipate what s coming No one predicted the Internet No one predicted the latest pandemic It s time to turn volatility and disruption on their heads and use them as offensive weapons in the marketplace instead of trying to protect ourselves from them Imagine a strategy that an organization can formulate in just a day or so revisit easily and frequently and design a series of shorter term viable futures Sentient means perceptive and self aware It doesn t mean one size fits all from a cookie cutter firm s approach to strategy Alan Weiss equips the reader to consider using this approach independently These are new times a new reality a no normal™ hence it s ridiculous to use old approaches to strategy There s a clear reason why Sears didn t morph into Amazon and why Hertz surrendered its number one spot to Enterprise
