*Only members of the service are eligible to receive a Restricted Parking Permit. Under NO circumstance will non-members of the service be assigned permits. Members of the service must meet the following requirements to be deemed **ELIGIBLE** for a Restricted Parking Permit:*

- a. Member must have a valid NYS driver's license and the vehicle that the Restricted Parking Permit is requested for must have a valid NYS registration (this requirement is not applicable for members of the service with certain exempted titles, i.e., certain employment titles allow members to reside outside of New York City and the resident counties). Any member of the service with an exempted title must comply with the regulations of this procedure based upon the licensing, registration and insurance regulations of the state in which they reside.*
- b. The vehicle that the Restricted Parking Permit is requested for must have a valid insurance policy.*
- c. The vehicle that the Restricted Parking Permit is requested for must be registered to the requesting member of the service, or to a person related by blood or marriage, or to the requesting member's registered NYS domestic partner. The residence of the vehicle's registered owner (member of the service, relative or NYS domestic partner) must be the same residence the requesting member of the service has on record with the Department.*

When a member of the service applies for a Restricted Parking Permit, it is permissible to have a Post Office (P.O.) box listed on the member's driver's license, registration and/or insurance card. However, in all cases the member of the service's address of record with the DMV for his/her license and registration, as well as the address on record with the insurance company for the auto insurance all must match the primary residence the member of the service has on record with the Department.

*If the mailing address on the registration of the vehicle is a P.O. box, the requesting member **MUST** attach to the application proof that the insurance policy of the vehicle is issued to the same address as the member's primary residence on record with the Department.*

Nypd Patrol Guide 2013 Study Guide:

The Secret Files: Bill De Blasio, The NYPD, and the Broken Promises of Police Reform Micheal Hayes, 2025-05-13

An unprecedented breakdown of the NYPD's powerful network of police unions, pro police lawyers and top brass who work relentlessly to shield police officers from any real accountability. For readers of long form hard hitting journalistic exposés like *We Own This City* a compelling look at how we do and don't hold police responsible in America by an award winning progressive reporter covering the NYPD police beat. In 2018 reporter Michael Hayes uncovered a major story about how the NYPD was not only turning a blind eye to police misconduct but also allowing hundreds of officers with severe misconduct charges to remain on the force. In the aftermath of that story then Mayor Bill de Blasio attempted to reform the department only to abandon his plans. While de Blasio may have suffered a political setback it's New Yorkers who are the true victims of this failure to deliver accountability and transparency. The state has a law that specifically prevents the public from learning about concealed police records. New Yorkers are increasingly distrustful of the police after witnessing their loved ones being targeted, brutalized and murdered with near impunity. Hayes takes readers inside decades of police corruption and controversial laws chronicling the stories of the families and activists who have had enough. He makes a compelling case for the limits of reform in the aftermath of the major Black Lives Matter rallies following the murder of George Floyd and growing calls to defund the police. *Law Enforcement in the Age of Black Lives Matter* Dwayne A. Mack, Sandra E. Weissinger, 2017-12-29

There is a reason why people claim great respect for officers of the law: the job by description is hard if not deadly. It takes a certain kind of person to accept the consequences of the job: seeing the very worst situations on a regular basis and knowing that one's life is on the line every hour of every day. Working in law enforcement is emotionally and psychologically draining. It affects these public servants both on and off the job. Said plainly: shaking an officer's hand when you see them or posting a sign in the front yard that reads "Support the Badge" is lip service. Even going as far as to donate money to a crowdsourcing fundraising site does little to support the long term professional development needs of officers. These are surface level signs of solidarity and do little in terms of showing respect for the job and those who do it. For those who want to do more, this text provides reasons and a rationale for doing better by these public servants. Showing respect does not mean that one agrees with whatever another person or institution claims to be the right way. Showing respect and admiration means that we charge individuals to live up to their fullest potentials and integrate innovation wherever possible. In the case of policing in the era of Black Lives Matter, policing as usual simply is not an option any longer. It is disrespectful to both the officers and those who are being policed to rest on the laurels of past policing tactics. As we enter a time period in which police interactions are recorded (dash cams or body cams for example) and new populations are being targeted (Latinx people), there is much to learn about what is working and what is not. **UC Irvine Law Review**, 2013

readers inside New York City's lower criminal courts **We See It All** Jon Fasman, 2021-01-26 This investigation into the legal, political, and moral issues surrounding how the police and justice system use surveillance technology asks the question: what are citizens of a free country willing to tolerate in the name of public safety? As we rethink the scope of police power, Jon Fasman's chilling examination of how the police and the justice system use the unparalleled power of surveillance technology, how it affects privacy, liberty, and civil rights, becomes more urgent by the day. Embedding himself within police departments on both coasts, Fasman explores the moral, legal, and political questions posed by these techniques and tools. By zeroing in on how facial recognition, automatic license plate readers, drones, predictive algorithms, and encryption affect us personally, Fasman vividly illustrates what is at stake and explains how to think through issues of privacy rights, civil liberties, and public safety. How do these technologies impact how police operate in our society? How should archaic privacy laws, written for an obsolete era, that of the landline and postbox, be updated? Fasman looks closely at what can happen when surveillance technologies are combined and put in the hands of governments with scant regard for citizens' civil liberties, pushing us to ask: Is our democratic culture strong enough to stop us from turning into China with its architecture of control? **University of Pennsylvania Law Review**, 2014 **NYPD Patrol Guide Quizzer** Cliff Mariani, Looseleaf Law Publications, Incorporated, 2009-01-01 Completely revised and expanded.
