Louw,2010-09-15 This book examines how and why Americans built an informal trading empire and why the British Empire needed to be removed before a Pax Americana could be built The Pax Americana is a phenomenon of global significance and this fascinating book offers a systematic explanation for the

rise of this super empire and examines in detail how it is governed A core feature of the book is a concern with America's vision of the world and how the USA has attempted especially since 1945 to export this vision across the globe The book identifies and examines the underlying discourses and belief systems that gave rise to a Pax Americana An eclectic range of methodologies and theories are deployed to explain the phenomenon of this informal empire ranging from to materialist political economy explanations of US imperialism through to those explanations grounded in the non materialist realm of values ideas and world views The result is an exploration of the curious phenomenon of an anti imperialist empire with both economic and moral roots **L'empire japonais** Léon Metchnikoff, 1878 **Barack H. Obama** Webster Griffin

Tarpley, 2008 Written by the author of the legendary 1992 expose of Bush the elder this book works from a New Deal point of view Obama is exposed as a foundation operative and agent of Wall Street finance capital controlled by Zbigniew Brzezinski George Soros and Goldman Sachs Obama's mother was an official of the Ford Foundation the World Bank and US AID By all indications Obama was identified for future political use by Brzezinski at Columbia in 1981 1983 during Obama's secret lost years Obama has worked for the Gamaliel Foundation the Joyce Foundation the Woods Fund and the Annenberg Foundation as a community organizer a poverty pimp a cynical opportunist who uses suffering people as a political commodity The foundation strategy is divide and conquer pitting blacks against whites against Hispanics against Asians to prevent any challenge to Wall Street Racist provocateurs like Wright and Pfleger along with Weatherman terrorist bombers Ayers and Dohrn Obama's best friends are cast in this mold Rezko Auchi and Al Sammarae represent the cesspool of Chicago graft and corruption in which Obama cavorts Schooled in Nietzsche and Fanon Obama qualifies as a postmodern fascist An Obama administration would strive for brutal economic sacrifice and austerity to finance Wall Street bailouts and for imperialist confrontation with Russia and China Terry's Japanese Empire , 1914
