Objectivism The Philosophy Of Ayn Rand:

Objectivism Leonard Peikoff, 1993-12-01 THE 25TH ANNIVERSARY EDITION The definitive statement of Ayn Rand's philosophy as interpreted by her best student and chosen heir This brilliantly conceived and organized book is Dr Leonard Peikoff's classic text on the abstract principles and practical applications of Objectivism based on his lecture series The Philosophy of Objectivism Ayn Rand said of these lectures Until or unless I write a comprehensive treatise on my philosophy Dr Peikoff's course is the only authorized presentation of the entire theoretical structure of Objectivism that is the only one that I know of my knowledge to be fully accurate In Objectivism Peikoff covers every philosophic topic that Rand regarded as important from certainty to money from logic to art from measurement to sex Drawn from Rand's published works as well as in depth conversations between her and Peikoff these chapters illuminate Objectivism and its creator with startling clarity With Objectivism the millions of readers who have been transformed by Atlas Shrugged and The Fountainhead will discover the full philosophical system underlying Ayn Rand's work The Ayn Rand Lexicon Ayn Rand, 1988-01-01 A prolific writer bestselling novelist and world renowned philosopher Ayn Rand defined a full system of thought from epistemology to aesthetics Her writing is so extensive and the range of issues she covers so enormous that those interested in finding her discussions of a given topic may have to search through many sources to locate the relevant passage The Ayn Rand Lexicon brings together all the key ideas of her philosophy of Objectivism Begun under Rand's supervision this unique volume is an invaluable guide to her philosophy or reason self interest and laissez faire capitalism the philosophy so brilliantly dramatized in her novels The Fountainhead We the Living and Anthem **For the New Intellectual** Ayn Rand, 1963-12-01 Here is Ayn Rand's first non fiction work a challenge to the prevalent philosophical doctrines of our time and the atmosphere of guilt of panic of despair of boredom and of all pervasive evasion that they create As incisive and relevant today as it was sixty years ago this book presents the essentials of Ayn Rand's philosophy for those who wish to acquire an integrated view of existence In the title essay she offers an analysis of Western culture discusses the causes of its progress its decline its present bankruptcy and points the road to an intellectual renaissance One of the most controversial figures on the intellectual scene Ayn Rand was the proponent of a moral philosophy and ethic of rational self interest that stands in sharp opposition to the ethics of altruism and self sacrifice The fundamentals of this morality a philosophy for living on Earth are here vibrantly set forth by the spokesman for a new class For the New Intellectual *Philosophy* Ayn Rand, 1984-11-01 This collection of essays was the last work planned by Ayn Rand before her death in 1982 In it she summarizes her view of philosophy and deals with a broad spectrum of topics According to Ayn Rand the choice we make is not whether to have a philosophy but which one to have rational conscious and therefore practical or contradictory unidentified and ultimately lethal Written with all the clarity and eloquence that have placed Ayn Rand's Objectivist philosophy in the mainstream of American thought these essays range over such basic issues as education morality censorship and inflation to prove that philosophy is the

fundamental force in all our lives *With Charity Toward None* William F. O'Neill, 2015-09-08 This book is a study of Ayn Rand's philosophy of objectivism. It addresses three basic questions: What is objectivism? What is the full meaning of the objectivist point of view? And what are the basic social implications of objectivism? The book is divided into two major sections. The first part summarizes Ayn Rand's philosophy with respect to three basic areas of inquiry: 1. knowing and the known, 2. personal value and the nature of man, and 3. the ethics of objectivism. The second part consists primarily of a critical analysis of the ideas presented in the earlier pages. The purpose of the study is to deal with Ayn Rand's basic premises; only secondary consideration is given to the way in which these premises apply to specific problems in such areas as politics, economics, and esthetics. Throughout, O'Neill is less concerned with criticizing what Rand says than with determining whether what she says makes sense in terms of established procedures for rational and semantic analysis and with respect to generally accepted principles for the scientific verification of evidence. **Introduction to Objectivist Epistemology** Ayn Rand, 1979 Ayn Rand Contra Human Nature Greg S. Nyquist, 2001

No American philosopher has sold more books to the general public than Rand; over thirty million at last count, with over a half million being sold on a yearly basis. Rand's legacy is widespread and enduring. Yet despite the extent of her influence, her ideas have not received much attention from scholars and critics. Her philosophical views, many of which are extremely controversial, literally cry out for interpretation and criticism. But little along these lines has appeared. *Ayn Rand Contra Human Nature* represents a major contribution to a critical understanding of Rand's so-called Objectivist ideology. Based on extensive research of Rand's writings, including her journals and letters, the book demonstrates how Objectivism sprang from Rand's romantic and idealistic view of human nature. Rand repeatedly claimed that the goal of her writing was the projection of an ideal man, and that her philosophy was merely a necessary means to that end. Using this insight as an interpretive touchstone, the book proceeds to explain how Rand's views on history, human knowledge, morality, and aesthetics were profoundly influenced by her idolatry of the ideal man, and where she went wrong in developing her unique but flawed vision of human society. What They Won't Tell You about Objectivism Russell

Hasan, 2017-08-17 Everyone has heard dark whispers about the philosophy of Objectivism. People read Ayn Rand's novels and fall in love with her ideas, only to collapse into one of two inevitable fates: 1. eventually give up on the ideas as childish and selfish, often complaining that the philosophy is a cult, or 2. develop a religious, zealous fanaticism obeying the tenets of the philosophy in an obsessive, robotic, mindless manner. But what is the truth about Objectivism? What is it in Rand's novels that makes a light turn on in the minds of her readers, and why does that light always flare and then burn out, leaving behind either anger or mindless obedience? This book argues that Objectivism has been turned into a shallow, two-dimensional cartoon caricature of what the philosophy really is, by both Objectivism's foes and its followers. The philosophy's enemies fight against it, and its followers worship a misinterpretation, not the ideas that are actually in the novels. Rand's novels present a vision of reality that is both heroic in its idealism and useful for real people in its practicality, with integrity as its highest

moral value but people forget that vision and eventually the vision fades into the paper thin cartoon that people think of when they hear the name Ayn Rand This groundbreaking innovative book looks at Objectivism in a new light and offers an analysis rooted in quotes from the texts of Rand s novels that presents Objectivism as a deep serious thoughtful philosophy with emotional depth and shades of gray a philosophy of the mind designed for smart people to heighten their intellectual freedom not merely a cult of robots or a cartoonish Right wing extremist defense of rich businessmen If you want to know the truth about Objectivism then read this book **The Voice of Reason** Ayn Rand,Peter Schwartz,1988 NAL books Includes bibliographical references **Introduction to Objectivist Epistemology** Ayn Rand,1979 Today man s mind is under attack by all the leading schools of philosophy We are told that we cannot trust our senses that logic is arbitrary that concepts have no basis in reality Ayn Rand opposes that torrent of nihilism and she provides the alternative in this eloquent presentation of the essential nature and power of man s conceptual faculty She offers a startlingly original solution to the problem that brought about the collapse of modern philosophy the problem of universals This brilliantly argued superbly written work together with an essay by philosophy professor Leonard Peikoff is vital reading for all those who seek to discover that human beings can and should live by the guidance of reason **Philosophy** Ayn Rand,1984 This collection of previously unpublished essays argues that philosophy is an essential element of human life a force that shapes human character and national culture and destiny and offers the rational philosophy of Objectivism as an alternative *Ayn Rand For Beginners* Andrew Bernstein,2009-08-18 Ayn Rand author of the best selling novels The Fountainhead and Atlas Shrugged is beloved by millions of readers and equally despised by a significant number of detractors Her novels and her revolutionary philosophy of Objectivism have acquired a world wide following They have also created legions of readers who are hungry for a deeper understanding of her writings Despite her undeniably significant contributions to the literary canon and the progression of philosophy there has been no simple comprehensive introduction to Rand s books and ideas until now Ayn Rand For Beginners sheds new light on Rand s monumental works and robust philosophy In clear down to earth language it explains Rand to a new generation of readers in a manner that is entertaining and easy to read and comprehend **The Objectivist Ethics** Ayn Rand,2011-04-01 **Ideal** Ayn Rand,2015-07-07 NEVER BEFORE PUBLISHED In print for the first time ever author and philosopher Ayn Rand s novel Ideal Originally conceived as a novel but then transformed into a play by Ayn Rand Ideal is the story of beautiful but tormented actress Kay Gonda Accused of murder she is on the run and turns for help to six fans who have written letters to her each telling her that she represents their ideal a respectable family man a far left activist a cynical artist an evangelist a playboy and a lost soul Each reacts to her plight in his own way their reactions a glimpse into their secret selves and their true values In the end their responses to her pleas give Kay the answers she has been seeking Ideal was written in 1934 as a novel but Ayn Rand thought the theme of the piece would be better realized as a play and put the novel aside Now both versions of Ideal are available for the first time ever to the millions of Ayn Rand fans around the

world giving them a unique opportunity to explore the creative process of Rand as she wrote first a book then a play and the differences between the two INCLUDES AN INTRODUCTION BY LEONARD PEIKOFF Objective Communication Leonard Peikoff,2013-09-03 Ayn Rand s philosophy of Objectivism is increasingly influencing the shape of the world from business and politics to achieving personal goals Here Leonard Peikoff Rand s heir explains how you can communicate philosophical ideas with conviction logic and most of all reason Based on a series of lectures presented by Peikoff Objective Communication shows how to apply Objectivist principles to the problem of achieving clarity both in thought and in communication Peikoff teaches readers how to write speak and argue on the subject of philosophical ideas ideas pertaining to profoundly important issues ranging from the question of the existence of God to the nature and proper limits of government power Including enlightening discussions of a wide range of Objectivist topics such as the primacy of consciousness the pitfalls of rationalistic thinking and the true meaning of the word altruism as well as in depth analysis of some of Ayn Rand s own writings Peikoff s Objective Communication is essential reading for anyone interested in Ayn Rand s philosophy **Letters of Ayn Rand** Ayn Rand,1997-02-01 The publication of the letters of Ayn Rand is a cause for celebration not only among the countless millions of Ayn Rand admirers the world over but also among all those interested in the key political philosophical and artistic issues of our century For there is no separation between Ayn Rand the vibrant creative woman and Ayn Rand the intellectual dynamo the rational thinker who was also a passionately committed champion of individual freedom These remarkable letters begin in 1926 with a note from the twenty year old Ayn Rand newly arrived in Chicago from Soviet Russia an impoverished unknown determined to realize the promise of the land of opportunity They move through her struggles and successes as a screenwriter a playwright and a novelist her sensational triumph as the author of The Fountainhead and Atlas Shrugged and her eminence as founder and shaper of Objectivism one of the most challenging philosophies of our time They are written to such famed contemporaries as Cecil B DeMille Frank Lloyd Wright H L Mencken Alexander Kerensky Barry Goldwater and Mickey Spillane There are letters to philosophers priests publishers and political columnists to her beloved husband Frank O Connor and to her intimate circle of friends and her growing legion of followers Her letters range in tone from warm affection to icy fury and in content from telling commentaries on the events of the day to unforgettably eloquent statements of her philosophical ideas They are presented chronologically with explanatory notes by Michael S Berliner who identifies the recipients of the letters and provides relevant background and context Here is a chronicle that captures the inspiring drama of a towering literary genius and seminal thinker and often day by day her amazing life **The Contested Legacy of Ayn Rand** David Kelley,2000 In a postscript to the second edition Kelley reviews the growth in Objectivist scholarship and the influence of Rand s ideas over the past decade The Contested Legacy of Ayn Rand is an engaging introduction to the Objectivist movement its core ideas and its central fissures At the same time it offers a case study in the sociology of intellectual movements and a frank discussion of the issues that arise whenever thinkers leave their studies to promote their

ideas in the public realm BOOK JACKET **Ayn Rand and Alienation** Sid Greenberg,1977 **Journals of Ayn Rand** Ayn Rand,1997 Beginning in 1927 when she was writing scenarios for the silent screen and extending through the 1960s this collection of the never before published journals of Ayn Rand author of such masterpieces as *Atlas Shrugged* and *The Fountainhead* offers a groundbreaking view of her work to develop and refine her intellectual principles the cornerstone of her tremendous appeal and popularity Copyright Libri GmbH All rights reserved *For the New Intellectual* Ayn Rand,2009 From the Publisher This is Ayn Rand's challenge to the prevalent philosophical doctrine of our time and the atmosphere of guilt of panic of despair of boredom and of all pervasive evasion that they create One of the most controversial figures on the intellectual scene Ayn Rand was the proponent of a moral philosophy an ethic of rational self interest that stands in sharp opposition of the ethics of altruism and self sacrifice The fundamentals of this morality a philosophy for living on earth Are here vibrantly set forth by the spokesman for a new class For the New Intellectual

Unveiling the Power of Verbal Beauty: An Mental Sojourn through **Objectivism The Philosophy Of Ayn Rand**

In a world inundated with displays and the cacophony of instant conversation, the profound power and psychological resonance of verbal art often diminish into obscurity, eclipsed by the constant assault of noise and distractions. However, situated within the lyrical pages of **Objectivism The Philosophy Of Ayn Rand**, a charming function of fictional elegance that impulses with organic thoughts, lies an remarkable trip waiting to be embarked upon. Published by way of a virtuoso wordsmith, that magical opus instructions viewers on a mental odyssey, softly exposing the latent possible and profound impact embedded within the delicate internet of language. Within the heart-wrenching expanse of this evocative analysis, we can embark upon an introspective exploration of the book is central themes, dissect their interesting publishing design, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
