## **Objectivity Polity Key Concepts Philosophy:**

*Politics: Key Concepts in Philosophy* Iain MacKenzie,2009-07-24 An introduction to political philosophy for the student encountering this key philosophical subdiscipline for the first time    **Politics: The Key Concepts** Lisa Harrison,Adrian Little,Ed Lock,2015-02-11 Politics The Key Concepts is an up to date and broad ranging introduction to the terms that lie at the heart of political discourse Entries are drawn from areas such as political theory international politics political science and methodology As well as explaining core established principles this informative guide explores some of the more complex topical and contested concepts from the world of politics Concepts covered include Capitalism Class Identity Institutionalism Referendum Marxism Pluralism Postmodernism Socialism Social Constructivism In an accessible A Z format with helpful cross referencing and suggestions for further reading Politics The Key Concepts is an invaluable reference for all students of politics international relations and related courses    [Key Concepts in Politics and International Relations](#) Andrew

Heywood,2015-07-07 Concepts have a particular importance for students of politics and international relations Political argument often boils down to a struggle over the legitimate meaning of terms and enemies may argue fight and even go to war each claiming to be defending freedom upholding democracy or supporting justice The problem is that words such as freedom democracy and justice have different meanings to different people so that the concepts themselves come to seem problematic This book provides an accessible and comprehensive guide to the major concepts encountered in political analysis Each term is defined clearly and fully and its significance for political argument and practice is explored The text has been updated and expanded to take account of the increasing influence of globalization on politics and now features 70 additional concepts Renowned for its lively engaging style and user friendly approach the second edition is an invaluable companion to the study of politics and international relations    [The Saturday Review of Politics, Literature, Science and Art](#)

,1857    *Objective Idealism, Ethics, and Politics* Vittorio Hösle,1998 Not content with merely telling us how to find a way back to objective idealism Hosle exhibits his philosophy in a wide ranging series of essays on topics ranging from the greatness and limits of Kant s practical philosophy to the moral ends and means of world population policy from moral reflection and the decay of institutions in the Enlightenment and Counter Enlightenment to a reflection on philosophical foundations of a future humanism in our world of overinformation    **The Works of Orestes A. Brownson: Politics**

Orestes Augustus Brownson,1884    **Objectivity** Guy Axtell,2016-02-01 What do you find more trustworthy experts or numbers personal know how or objective facts Can science claim special authority based on the objectivity of its methods Are our ethical decisions always better when we strive to be impartial and unbiased Why should we value objectivity and is it achievable anyway These are a few of the thought provoking questions Guy Axtell asks in this comprehensive new text book employing examples from the natural and social sciences as well as philosophy This unique introduction surveys the key issues in a clear and concise way assessing the nature of objectivity and value of the demand to be impartial decision makers

Moving beyond the fundamentals Axtell explores contemporary feminist and social epistemological attempts to reconstruct the concept of objectivity explains the implications of the so called science wars for philosophy and the analytical method and the ethical consequences of these debates Objectivity is an excellent introduction to one of the most exciting areas of study in philosophy and science today Students and scholars alike will value this balanced guide to a hotly contested and vitally important topic   **Ibadan Journal of the Social Sciences** ,2012   **Politics** Orestes Augustus Brownson,1884

*Boston Studies in the Philosophy of Science* Joseph Agassi,2003   *The Political Theory of Conservative Economists* Conrad Waligorski,1990 A study of the political theory that underlies the conservative economic thought of such economists as Milton Friedman James Buchanan and Friedrich Hayek and its implications for public policy The author analyzes the political content of ideas that justify a laissez faire policy   *The Saturday Review of Politics, Literature, Science, Art, and Finance* ,1871

**Lectures on Metaphysics and Logic: Metaphysics** Sir William Hamilton,1874   *Lectures on Metaphysics and Logic* Sir William Hamilton,1878   **Lectures on metaphysics** Sir William Hamilton,1880   **Michael Oakeshott, the Ancient Greeks, and the Philosophical Study of Politics** Eric Steven Kos,2007 This work addresses a question fundamental for Oakshott throughout his life What do people do when they read and discuss memorable work in the history of political thought   *Lectures on the Philosophy of History* Georg Wilhelm Friedrich Hegel,1894

*On Feminist Ethics and Politics* Claudia Card,1999 For years mainstream feminist ethics focused criticism on male supremacy Feminist philosophers in this volume adopt a less male focused stance to look closely at oppression s impact on women s agency and on women s relations with women Examining legal social and physical relationships these philosophers confront moral ambiguity moral compromise and complicity in perpetuating oppression Combining personal experience with philosophical inquiry they vividly portray their daily engagement with oppression as both victims and perpetrators They explore such issues as how pornography silences women and radical feminist politics complicity in racism Among these insightful essays Sandra Bartky argues that women share guilt for racism when they benefit from it without protest Susan Brison reflects on uses of narrative in trauma recovery from such experiences as being targeted for rape or murder Joan Callahan examines fallout of derogatory speech directed at lesbians Virginia Held proposes carrying care into marketplaces and governments and in her introduction Claudia Card draws on Primo Levi s conception of gray zones in exploring dangers of character damage to victims of misogyny A fitting companion to Card s highly regarded Feminist Ethics this volume interweaves observations on character political ethics violence and love into an accessible sourcebook for students It tackles some of feminism s most pressing issues and helps readers to identify and then overcome the real damage caused by oppression

*The Philosophical Review* Jacob Gould Schurman,James Edwin Creighton,Frank Thilly,Gustavus Watts Cunningham,1940 An international journal of general philosophy   *Library of Universal Literature: Philosophy of history* ,1900
