The Chemical Engineer, 2009 **Snap**

Susin Nielsen, 2025-04-29 A laugh-out-loud novel about the consequences of being pushed to the edge and plummeting right over it. Frances Partridge, fifty-five, is a beloved children's author. Geraint Blevins, forty-one, is an auto mechanic and devoted family man. Parker Poplawski, twenty-three, is just starting her career as a wardrobe assistant on a hit TV show. What do these people have in common? Nothing, that's what! Until each of them reaches a breaking point and snaps in spectacular fashion. They meet in a court-mandated anger management class, three very different people forced to spend a lot of time together who slowly end up bonding and helping one another in unexpected ways, whether it's to move on or to exact revenge. *Snap* is Nielsen at the top of her storytelling game, delivering flawed but relatable characters whose heartaches, foibles, and choices will make you cringe as you laugh out loud.

The Takeout Tracy Badua, 2023-05-09 When a celebrity chef's new restaurant threatens Mila's family's food truck, she plans to expose them for the recipe thieves they are, even if that means dabbling in the Filipino folk magic she's tried to avoid. Fans of Tae Keller and Lily LaMotte will cheer for this charming story about food, family, and finding the place you belong. Mila may have moved to Coral Beach months ago, but it still doesn't feel like home. A

few awkward incidents with her new friends make her wonder if she'll ever neatly fit into the super samey small town. The only place she can be herself is at her dad's Filipino Indian food truck The Banana Leaf. But when celebrity chef twins the Fab Foodie Brothers open a restaurant nearby, it turns out the food they are serving is exactly the same as The Banana Leaf's, right down to the recipes. Mila realizes that she needs to take the Fab Foodie Brothers down before they run her family's tiny truck out of town. But that means dabbling in the Filipino magic that she has shied away from her whole life, as well as alienating her new friends. Does Mila have to choose between her family and fitting in? Or like the best recipes, will a blend of the traditional and the unexpected mix into something truly special? Also by Tracy Badua: *Freddie vs The Family Curse*

Andy Cunningham has been at the forefront of tech and innovation since day one, and he's been helping companies create new product categories ever since. Now he reveals the winning framework he uses to transform markets and industries. *Get to Aha!* shows how to establish the kind of foundation world-class brands are built on. Too many business leaders fail to ask the most basic questions about their company: Who are we? And why do we matter? Before they leap right into branding, a big mistake: A company must first know itself, establish its position before it can express its identity, execute its branding. There are three types of companies in the world, each with its own DNA: Mothers are customer oriented, Mechanics are product oriented, and Missionaries are concept oriented. And it's absolutely critical for business leaders to know which type their company is to create an authentic and ultimately sticky position in the market. A company's DNA is the key to achieving this and with it a competitive advantage. Why? Because if a Mechanic creates a marketing campaign based on its belief that it is a Missionary, the underlying positioning will not ring true, and the company won't gain a foothold in the market. But if a company positions itself in alignment with its DNA, it will resonate authentically and establish its role and relevance, even in the face of a major competitor. *Get to Aha!* presents a clear, step-by-step framework that will help you determine your company's precise position in the marketing landscape using Andy's DNA-based methodology. It takes you through the process of performing genetic testing on your company, examining the market through the six Cs of positioning, and developing your positioning statement—a

rational factual statement about your company's role and relevance Then and only then can you create a branding and marketing strategy that will build market momentum and crush the competition Trust Andy Steve Jobs did Dress & Vanity Fair ,2007 **Business Week** ,2009
