**Teaching in Nursing - E-Book** Diane M. Billings,Judith A. Halstead,2023-05-12 Selected for Doody s Core Titles 2024 in Education Now in its 25th anniversary edition Billings and Halstead s Teaching in Nursing A Guide for

Faculty 7th Edition prepares you for the day to day challenges of teaching future nurses for practice in today's rapidly evolving healthcare system. This comprehensive resource covers all four components of nursing education: teaching and learning, curriculum evaluation, and technology empowered learning. You'll benefit from the expert guidance on such key issues as curriculum and test development, diverse learning styles, the redesign of healthcare systems, advances in technology and information, global health, and curricular experiences. The flipped classroom, interprofessional education, and interprofessional collaborative practice are included. New to the 7th edition is a full color design for improved learning and reference, increased use of illustrations, tables, and boxes to promote learning through enhanced usability, updated content throughout to reflect the latest trends in nursing education, including up-to-date content on the Next Generation NCLEX Exam, expanded use of high-quality case studies throughout the book, chapter ending key points, new practice questions for nurse educator certification on a companion Evolve website, and much more. UNIQUE Chapter on Global Health and Curricular Experiences focuses on internationalization of the nursing curriculum with an emphasis on leading international learning experiences, policies, procedures, and guidelines for overseas study and global and health competencies for health professions programs. Coverage of concept-based curricula includes strategies on how to approach and implement concept-based instruction. Pedagogical aids include Reflecting on the Evidence boxes covering such issues as how to do evidence-based teaching, applications of evidence-based teaching, implications for faculty development, administration, and the institution, and how to use the open-ended application questions at the end of each chapter for faculty guided discussion. Strategies to promote clinical judgment and active learning are incorporated throughout the text, highlighting various evaluation techniques, lesson planning insights, and tips for developing examinations. Guidance on teaching in diverse settings addresses such topics as the models of clinical teaching, teaching in interdisciplinary settings, how to evaluate students in the clinical setting, and how to adapt teaching for community-based practice. Strong emphasis on teaching clinical judgment, new models of clinical education, and responding to needs for creating inclusive, multicultural teaching learning environments.
