## Nysp Study Guide:

*Reframing Police Education and Freedom in America* Martin Alan Greenberg, Beth Allen Easterling, 2023-09-15 This book untangles the components of police education and advocates a robust community based training model with significant civilian oversight The recommended approach recognizes that the citizenry needs to be included in the provision of basic police education for it is they who must both support and be served by their police The police must be role models for society demonstrating that freedom and rights come with obligations both to the community as a whole and to individuals in need within that community Ultimately the quality of police training and the public's safety depend not only on the leadership of police executives as well as the quality of educational institutions and police candidates but also on the building of a community's trust in its police The issues of police recruitment education and retention have greater consequence in an era when protests and other signs of negativity surround law enforcement Several incidents including most notably George Floyd's murder by police have sparked new training initiatives regarding police de-escalation and community engagement At the same time the proliferation of gun violence and a contentious political climate have led some officers to refrain from undertaking proactive types of policing In this context reform of the police education system is urgent This book examines police training at all levels of government local regional state and federal In addition citizen participation programs including the role of the media and programs for furthering law related education LRE are highlighted The proposed police education model recognizes that ordinary members of the American public need to contribute to the provision of basic police education for it is they who must both support and be served by their police The focus is on teaching a guardian style of policing at the local level Police education would combine higher education necessary practical proficiencies and intensive field experiences through a gradual level of greater responsibility likely extending over a 2 plus year period for trainees with less than a year of previous college credits This book will be of interest to a wide range of audiences such as law enforcement professionals and trainers including those in executive development programs in police departments community leaders scholars and policy experts who specialize in policing concerned citizens and students of criminal justice especially those interested in police organization and management criminal justice policy and the historical development of police

**Study Guide to Accompany Elements of Criminal Justice** Laura B. Myers, 2000

InJUSTICE Pedro Perez, 2024-10-18 InJUSTICE is Pedro Perez's memoir chronicling his journey from poverty to the highest position in the New York State Police In highly personal prose Perez poignantly expresses how he adroitly and coolly challenged his fellow troopers racial microaggressions and ultimately gained their respect The book sheds light on institutional racism within the force and Perez's commitment to reform He overcame racism and microaggressions to rise through the ranks As a state trooper Perez sought to reconcile the seeming contradiction between his progressive values anti racism and identity Perez identifies as an Afro Caribbean Taino and serving in an organization that stubbornly resisted opening its ranks to Black and Latino men and women It concludes

with Perez's argument for police reform and addressing the legacy of racism affecting police relations with racialized communities Dr Pedro Caban Former Vice Provost for Diversity and Educational Equity at the State University of New York and Professor Director of Undergraduate and Graduate Studies Department of Latin American Caribbean U S Latino Studies This book speaks to the individual fortitude that it takes for any person to be successful in a police culture Add in what Pedro Perez had to navigate around the individual and systemic racism that is omnipresent for non white people in the NYSP and the United States Factors that can make everyday task almost a miracle to accomplish for non white people Bravo my brother Anthony Ellis New York State Police Chief Inspector Colonel Retired Pedro Perez's book InJUSTICE expertly combines the story of his personal journey as a New York State Trooper of Afro Caribbean descent with his account of his tireless efforts to make the NYSP a more just equitable institution one that protects the rights of all New Yorkers Perez writes with courageous honesty about how the very same law enforcement agency that lifted him and his family from poverty also challenged him to reform its institutionalized racism from within all while doing his best to protect and serve This is a must read for anyone seeking to better understand the complexities of working in law enforcement as a member of a marginalized minority It is an urgent call of conscience to all New Yorkers and Americans to make our vital law enforcement institutions instruments of genuine justice Dan Ornstein rabbi and author of Cain v Abel A Jewish Courtroom Drama InJUSTICE is the unique story of how Perez escapes from a life of poverty by joining the New York State Police As one of a handful of Puerto Rican and African American state troopers in the 1980s the author vividly reveals the challenges that officers of color face With intelligence courage humor and a commitment to administering justice Perez examines the tensions that arise from carrying out law enforcement in a society shaped by inequalities of class gender ethnicity and race while also sharing a moving personal story Barbara Smith Author The Truth That Never Hurts Writings on Race Gender and Freedom WOW Pedro Perez memoir is an inspiring account of one man's grappling with internally as well as externally issues underlying injustice Throughout his journey from childhood in Lower East Side Manhattan to the highest ranks of the New York State Troopers Pedro Perez encounters all types of injustice including racism gender bias and poverty His unique story of attempting systemic change from within while experiencing the harmful effects of these injustices is nothing short of heroic The brutal honesty in this book is both refreshing and intimidating It is not simply a call for change but a true account of one man answering that call Will you join him Kevin P Tully Mecklenburg County Public Defenders Office      **Document Retrieval Index** ,1976
