## **Objectivity And Diversity Another Logic Of Scientific Research:**

Objectivity & Diversity Sandra Harding, 2024-05-31 Worries about scientific objectivity seem never ending Social critics and philosophers of science have argued that invocations of objectivity are often little more than attempts to boost the status of a claim while calls for value neutrality may be used to suppress otherwise valid dissenting positions Objectivity is used sometimes to advance democratic agendas at other times to block them sometimes for increasing the growth of knowledge at others to resist it Sandra Harding is not ready to throw out objectivity quite yet For all of its problems she contends that objectivity is too powerful a concept simply to abandon In *Objectivity and Diversity* Harding calls for a science that is both more epistemically adequate and socially just a science that would ask How are the lives of the most economically and politically vulnerable groups affected by a particular piece of research Do they have a say in whether and how the research is done Should empirically reliable systems of indigenous knowledge count as real science Ultimately Harding argues for a shift from the ideal of a neutral disinterested science to one that prizes fairness and responsibility

*Conundrums in Practical Theology* Joyce Ann Mercer, Bonnie Miller-McLemore, 2016-09-19 In this landmark volume internationally recognized scholars address key intellectual and practical conundrums that not only trouble practical theology but also reflect biases and breakdowns in the construction of theological knowledge in academy and religious communities at large With critical facility and unheralded honesty that includes reflexivity about their own lives in the academy the authors tackle complex issues that refuse easy solutions racism hierarchy of theory over practice devaluation of small case studies risks of interdisciplinarity to scholarly identity inequities between Christian traditions unreflective Christian centrism and tensions between the production of scholarship and public service Outcomes of these issues will have serious implications for the discipline and the study of theology for years to come Contributors include Tom Beaudoin Eileen R Campbell Reed Faustino M Cruz Jaco Dreyer Courtney T Goto Tone Stangeland Kaufman Joyce Ann Mercer Bonnie J Miller McLemore Phillis Isabella Sheppard Katherine Turpin Claire E Wolfeich
