Reddit Best Returns:

Critical Essays on Twin Peaks: The Return Antonio Sanna, 2019-01-04 This edited collection offers an interdisciplinary study of Twin Peaks The Return the third season of a TV program that has attracted the attention and appreciation of spectators fans and critics for over two decades The book takes readers into several distinct areas and addresses the different approaches and the range of topics invited by the multidimensionality of the subject itself the philosophical the artistic the socio cultural and the personal The eighteen chapters constituting the volume are academic in their approach to the subject and in their methodology whether they apply a historical psychoanalytical film studies or gender studies perspective to the text under examination The variety and range of perspectives in these aforementioned chapters reflect the belief that a study of the full complexity of Twin Peaks The Return as well as a timely assessment of the critical importance of the program requires both an interdisciplinary perspective and the fusion of different intellectual approaches across genres The chapters demonstrate a collective awareness of the TV series as a fundamental milestone in contemporary culture

The Revolution That Wasn't Spencer Jakab, 2022-01-27 From Wall Street Journal columnist Spencer Jakab the real story of the GameStop squeeze and the surprising winners of a rigged game Jakab adeptly skewers the popular but dangerously wrong narrative of Reddit's David thumping Wall Street's Goliath and shows how the casino always wins in the end DeepF ing Respect for an important book with lessons far more durable than GameStop's stock market levitation Robin Wigglesworth author of Trillions During one crazy week in January 2021 a motley crew of retail traders on Reddit's r/wallstreetbets forum had seemingly done the impossible they had brought some of the biggest richest players on Wall Street to their knees Their weapon was GameStop a failing retailer whose shares briefly became the most traded security on the planet and the subject of intense media coverage The Revolution That Wasn't is the riveting story of how the meme stock squeeze unfolded and the real architects and winners of the GameStop rally Drawing on his years as a stock analyst at a major bank Jakab exposes technological and financial innovations like Robinhood as ploys to part investors from their money within the larger story of evolving social and economic pressures The surprising truth What appeared to be a watershed moment a revolution that stripped the ultra powerful hedge funds of their market influence placing power back in the hands of everyday investors only increased the chances of the house winning Online brokerages love to talk about empowerment and democratising finance while Wall Street thrives on chaos In this nuanced analysis Jakab shines a light on the often misunderstood profit motives and financial mechanisms to show how this so called revolution is on balance good for Wall Street But Jakab argues there really is a way for ordinary investors to beat the pros by refusing to play their game

Global Content Marketing: How to Create Great Content, Reach More Customers, and Build a Worldwide Marketing Strategy that Works Pam Didner, 2014-12-19 Engage Customers Around the World with Cross Regional Content Marketing Technology has virtually erased national borders forever transforming the way we reach and engage customers as
