practice domain that has come to be known as operational psychology Various potential and real ethical conflicts related to the practice of psychology in support of national security missions were addressed in those meetings Many of those discussions serve as the foundational impetus for this book It also goes without saying that the dramatic increase in relevance and practice of operational psychologists in a post 9 11 world reinforces the need to bring that foundation into a structure of practice This volume is intended to help frame that structure and guide those operational psychologists who now face a vast array of complex challenges around the world It is our intention that this volume provide firsthand knowledge about the key areas of operational psychological practice and the ethical analysis needed to operate in this relatively uncharted territory Book PsycINFO Database Record c 2010 APA all rights reserved Educational Screen & Audio-visual Guide ,1968 *Fair Employment Practice Cases* ,1983 Opinions of Federal and State courts and administrative agencies under Federal and State laws and orders relating to employment discrimination **Report Relative to the Printing and Sale of State Documents** Massachusetts.
