CMJ New Music Report ,2002-05-13 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ s trade publication compiles playlists for college and non commercial stations often a prelude to larger success *Life In The Stocks: Volume Two* Matt Stocks,2022-03-08 In the last few years the podcast industry has really boomed Every journalist and celebrity worth their salt now has their own But what makes Life In The Stocks special Well for one thing it s the eclectic pool of speakers from a wide range of creative disciplines It s also the rawness honesty and vulnerability of the conversations that Matt Stocks shares with his guests the interviews are completely candid unchecked and authentic For the purpose of this book Life In The Stocks Veracious Conversations with Musicians Creatives Volume Two Matt collected highlights from the first eighteen months of the podcast and presented the anecdotes musings and observations in a new format to tell new stories and tie them together in a way that takes the reader on an emotional journey from early childhood memories to the dizzying heights of fame via creative enterprises experimentation with mind altering substances battles with mental health spiritual contemplations the meaning of life death and a whole lot more Full of inspirational entertaining shocking tragic heart warming and hilarious tales Life In The Stocks Volume Two is much more than just a collection of interview transcripts it is an insight into the minds of some of America s most enduring underground artists and an exploration of the history of alternative culture in the US filtered via the perspective of someone from the UK In short it s a unique and special cultural commentary and one you will not want to put down **Balancing the Big Stuff** Miriam Liss,Holly H. Schiffrin,2014-08-07 While the current conversation about work family balance and having it all tends to focus on women both men and women are harmed when conditions make it impossible to balance meaningful work with family life Yet both will benefit from re evaluating what it means to have it all and fighting for changes in their relationships and society to make greater equality possible Here Miriam Liss and Holly Hollomon Schiffrin discuss the ways in which we all define having it all and how we can obtain it for ourselves through a better evaluation of what we want from ourselves our families our jobs and each other Determining a 50 50 division of labor around the house may not be the thing that works for everyone Working from home or not at all may not be the thing to bring us satisfaction but learning what studies show and how to feel balanced and make those decisions to bring balance is crucial The authors argue that people can find balance in their roles by doing things in moderation Although being engaged in both parenting and work is good for well being people can avoid the pitfalls of over parenting and over working They show that balance can come from a meaningful consideration of what happiness and contentedness mean to us as individuals and how best to achieve our goals within the limitations of our current circumstances They illustrate that balance is not simply an individual problem Social issues such as the lack of parental leave flexible work schedules and affordable high quality child care make balance difficult With attention now on the issue they argue that it s time men and women advocate for better

services and better opportunities to achieve balance happiness and success in all their roles **Billboard** ,2009-10-03 In its
