Indigenous Rights and the Legacies of the Bible Mark G. Brett, 2024-07-12 A Christian imagination of colonial discovery permeated the early modern world but legal histories developed in very different ways depending on imperial jurisdictions Indigenous Rights and the Legacies of the Bible From Moses to Mabo explores the contradictions and ironies that emerged in the interactions between biblical warrants and colonial theories of Indigenous natural rights The early debates in the Americas mutated in the British colonies with a range of different outcomes after the American Revolution and tracking the history of biblical interpretation provides an illuminating pathway through these historical complexities A ground breaking legal judgement in the High Court of Australia Mabo v Queensland 1992 demonstrates the enduring legacies of debates over the previous five centuries The case reveals that the Australian colonies are the only jurisdiction of the English common law tradition within which no treaties were made with the First Nations Instead there is a peculiar development of terra nullius ideology which can be traced back to the historic influences of the book of Genesis in Puritan thought in the seventeenth century Having identified both similarities and differences between various colonial arguments and their overt dependence on early modern theological reasoning Mark G Brett examines the paradoxical permutations of imperial and anti imperial motifs in the biblical texts themselves Concepts of rights shifted over the centuries from theological to secular frameworks and more recently from anthropocentric assumptions to ecologically embedded concepts of Indigenous rights and responsibilities Bearing in mind the differences between ancient and modern notions of indigeneity a fresh understanding of this history proves timely as settler colonial states reflect on the implications of the United Nations Declaration on the Rights of Indigenous Peoples 2007 Brett s illuminating insights in this detailed study are particularly relevant for the four states that initially voted against the Declaration the USA Canada New Zealand and Australia

oppression suffered by American Indians since the arrival of European colonists who brought a different worldview across the ocean and attempted to convert the native population to the religion they brought with them The methodology language and understandings of the Christian beliefs of the colonists and of the majority society since the colonial period largely failed to Christianize the native population Different conceptual frameworks and different understandings of terms made and make Christian doctrine unappealing and at times incomprehensible to American Indians In this book Tink Tinker focuses in particular on differing understandings of Jesus Christ and of the land and the centrality of both to the theology of sovereignty and the challenges communities of faith face particularly indigenous communities in a postcolonial world Milestone

Raising Our Hands Jenna Arnold, 2020-06-16 White women are one of the most influential demographics in America we are the largest voting bloc with purchasing power that exceeds anybody else's and when we unify to demand change we are a force to be reckoned with Yet so many of us sit idly on the sidelines opting out of raising our hands to do learn and engage in ways that could make a difference Why White American women are no monolith Yet as Women's March national organizer Jenna Arnold has learned over the past few years criss crossing the US in conversations with white women about their identity and role in the country we do possess common characteristics ones that get in the way of us becoming more engaged as citizens We're so focused on checking off our to do lists or so afraid of getting it wrong or so busy trying to avoid conflict that we are actively avoiding the urgent conversations we need to have We are confused about how we got here and unsure how to do better Raising Our Hands is the reckoning cry for white women It asks us to step up and join the new frontlines of the fight against complacency in our homes in our behaviors and in our own minds Consider Raising Our Hands your starting place your Intro to Being a White Woman in Today's World freshman year class In these pages Jenna peels back the history that's been kept out of textbooks and the cultural norms that are holding us back so we can finally start really listening to marginalized voices and doing our part to promote progress The American white woman is a powerful force an essential participant to mobilize alongside the rest of humanity on behalf of the world and we can no longer make excuses for why we don't have time or don't know enough *Works and Days*, 2009 *The Land Is Not Empty: Following Jesus in Dismantling*

the Doctrine of Discovery Sarah Augustine, 2021-06-22 White settlers saw land for the taking They failed to consider the perspective of the people already here In *The Land Is Not Empty* author Sarah Augustine unpacks the harm of the Doctrine of Discovery a set of laws rooted in the fifteenth century that gave Christian governments the moral and legal right to seize lands they discovered despite those lands already being populated by indigenous peoples Legitimized by the church and justified by a misreading of Scripture the Doctrine of Discovery says a land can be considered empty and therefore free for the taking if inhabited by heathens pagans and infidels In this prophetic book Augustine a Pueblo woman reframes the colonization of North America as she investigates ways that the Doctrine of Discovery continues to devastate indigenous cultures and even the planet itself as it justifies exploitation of both natural resources and people This is a powerful call to reckon with the root causes of a legacy that continues to have devastating effects on indigenous peoples around the globe and a call to recognize how all of our lives and our choices are interwoven What was done in the name of Christ must be undone in the name of Christ the author claims The good news of Jesus means there is still hope for the righting of wrongs Right relationship with God others and the earth requires no less
