Palmatier, Andrew Crecelius, 2025-02-20 An introduction to marketing theory and practice based around Palmatier's acclaimed first principles this textbook provides a global perspective and an abundance of engaging case studies. Palmatier's four principles are: all customers differ, all customers change, all competitors react, and all resources are limited. These provide a framework for understanding the diverse and idiosyncratic world of modern marketing. Whether offline or digital B2C or B2B products or services, domestic or international, the same principles apply. This textbook dives headfirst into marketing controversies. Unique learning features Marketing Fail and Shades of Grey capture the messy reality of the business world and encourage students to reflect critically on both sides of a debate. A focus on application means that a large share of the text is devoted to case studies featuring contemporary organisations such as Beyond Meat, Zoom, IKEA and the World Health Organization. The perfect textbook for introductory modules on the essentials of marketing. *Marketing Based on First Principles* provides a unique and dynamic approach allowing students to develop effective and flexible methods to deal with diverse and complex problems of marketing today.
