legal background will understand law topics relevant to the sport industry through the text's straightforward examples and case studies that demonstrate sport law theory through real world applications. New content reflects important topics and current legal issues including the Equal Pay Act, the Sports Broadcasting Act, athlete safety and equipment concerns, name, image and likeness, NIL laws, antitrust litigation, unionization and collective bargaining, and transgender athlete participation in sport. The updated content addresses contemporary challenges to constitutional law including the First Amendment and Fourteenth Amendment, and it examines how budget problems related to COVID 19 resulted in cutting sports and raised Title IX issues. End of chapter discussion questions and In the Courtroom sidebars have been updated with current examples to better demonstrate modern applied perspectives. Moot Court Case sidebars now have accompanying questions on hypothetical scenarios allowing students to understand the technicalities of sport law in practical application. Each chapter of *Introduction to Sport Law* Third Edition also directs students to relevant cases in the included ebook *Case Studies in Sport Law* Third Edition by Andrew T. Pittman, John O.
