Lyft Concert Tickets Ideas:

The Soul of Strategy Bernard Jaworski, David Sprott, 2025-11-25 A powerful and original new take on business strategy with the customer at the center of it designed to generate enduring competitive advantage When setting strategy organizations typically spend too much time thinking about the competition and resources within the firm and not enough time on the customer the soul of any organization Such an approach is reflected in the fact that most popular theories of business strategy have focused on resource and capability based perspectives of the firm Real world businesses embracing and applying these intuitively attractive theories have struggled to compete however exactly because those theories fail to adequately account for the most important actor in all commercial transactions the customer In *The Soul of Strategy* two veteran strategists and academics deliver a straightforward new approach to business strategy one that builds and expands on the classic work of Peter Drucker recognizing the inescapable reality faced by every organization that a firm's primary job is to create and keep customers The book offers a comprehensive customer centric strategy framework a set of fresh perspectives and tools and step by step guides to implementing the leadership styles governance structures and technology that companies require to outcompete their rivals in attracting and retaining customers The book brings to life these key principles by using case studies and examples of organizations in a variety of industries You'll find A clear description of the concept of customer centricity and its value to the organization A new consumer behavior framework that will enable you to ask the right questions to elicit unique actionable customer insights A Customer Choice Cascade that details how to select prioritize and deliver value for both customers and the firm A balanced perspective on how to both find sources of innovation and systematically abandon activities products structures and systems that no longer add value to customers The key role that customer insight data play in setting customer centered strategy Expansions on Drucker's proven strategic insights and ideas that go beyond well worn frameworks like Porter's Five Forces Perfect for managers executives board members and other business leaders *The Soul of Strategy* is also a can't miss resource for strategy consultants and advisors and anyone else interested in effective new ways of thinking about difficult and long standing strategic problems

My Epic Spring Break (Up) Kristin Rockaway, 2021-04-06 A fun and upbeat romance about a girl who finds a cheat sheet for love Spring break heartache For coder extraordinaire Ashley high school is all about prepping for

college Her love life Virtually nonexistent She s never been on a date Never been kissed Never been in love When her plans veer off course Ashley realizes she might be missing out on her high school experience Now that spring break is finally here Ashley vows to have fun and for the first time follow her heart Starting with Walker Beech her gorgeous maybe not so unrequited crush But with Jason Eisler her childhood friend turned prankster in the picture trouble is bound to follow Will Ashley s epic spring break lead her to love or will her heart crash and burn Smart fun fast paced USA Today bestselling author of The Kiss Quotient Helen Hoang on Kristin Rockaway s How to Hack a Heartbreak **Ethics in the Digital**

Domain Robert S. Fortner, 2025-08-26 Fortner s introduction to media ethics challenges students to confront the impact of the digital world on their lives Ethics in the Digital Domain addresses the principal ethical issues created or enhanced by life increasingly conducted in digital environments It provides an ethical template to use in encountering these issues and case studies around each major issue that are open for discussion Chapters discuss social media the construction and maintenance of identity the incursion of robots into the workplace and their replacement of work the increasing reliance on artificial intelligence and the likely future of its implementation the arrival of alternative realities such as virtual and augmented reality even reality after death Fortner explores what constitutes truth in what many consider a post truth world and the implications of our new digital age for the maintenance and conduct of democracy Through providing a detailed examination of these issues this book raises significant questions about how the digital age may change our conception of ourselves our friendships and marriage opportunities our conception of the value and concept of work and career along with the necessity of navigating through both physical and digital or artificial life quickly becoming dominant in the human experience The second edition includes expanded treatments of truth politics identity construction and maintenance and social change resulting from our increasing existence within digital realities It includes new chapters on the consequences of incorporating robots into everyday life and both virtual and augmented realities realities for human flourishing It asks the question of what human means in this new set of environments and whether people s understanding of their own humanity or that of others will change as technology advances Features include a glossary of keywords highlighted throughout the text case studies in each chapter that allow students to debate significant ethical issues in the digital age discussion questions at the end of each chapter to further explore the issues raised in each chapter and figures that illustrate the realities of this digital age
