**Television by Stream** Christina Adamou, Sotiris Petridis, 2023-05-22 Online television streaming has radically changed the ways in which programs are produced disseminated and watched. While the market is largely globalized with some platforms streaming in multiple countries audiences are fragmented due to a large number of choices and often solitary viewing. However, streaming gives new life to old series and innovates conventions in genre narrative and characterization. This edited collection is dedicated to the study of the streaming platforms and the future of television. It includes a plethora of carefully organized and similarly structured chapters in order to provide in depth yet easily accessible readings of major changes in television. Enriching a growing body of literature on the future of television essays thoroughly assess the effects new television media have on institutions audiences and content.

## Practical MythTV

Michael Still, Stewart Smith, 2007-12-15 MythTV is a powerful open source personal video recorder (PVR) application that runs on Linux. Developed for several years by volunteers it offers a stable and extensible platform for automating all of the things you would expect from a PVR and much more. Practical MythTV: Building a PVR and Media Center PC takes a project-based approach to implementing your own MythTV setup. You get to pick and choose the functionality you want to install for your PVR and will learn the details of everything from selecting hardware to advanced customization. You will learn how to record your favorite television shows, store your DVDs for later playback, create a music library out of your CD collection and even use your PVR for voiceover IP. Your PVR wouldn't be complete without a remote control or the ability to play back content to other TVs in your home. You'll learn how to do both of these things in this book. You'll even learn how to utilize your Xbox as a remote front end to play back content. Beyond these basics you will learn advanced techniques like commercial detection and skipping auto-expiring content, creating your own themes for MythTV and utilizing plug-ins to do things like display weather conditions, RSS feeds and photo slide shows.

Netflix's Speculative Fictions Colin Jon Mark Crawford, 2020-12-10 *Netflix's Speculative Fictions* Financializing Platform Television argues that Netflix's scaled expansion has hinged upon its ability not only to create but more importantly to communicate new forms and flows of potential value in platform capitalism wherein capital is mobilized not only from direct revenue streams but also the new value assigned to inputs and investments of data, debt, attention, behavior, taste, time, sociality, and speculation. To interpret and critique these new communications and projections of value, Colin Jon Mark Crawford performs a discursive analysis of the platform.
