Pilgrimage Pathways for the United States James E. Mills, 2021-02-09 An inspirational argument for the creation of a new  
 pilgrimage tradition in the United States Pilgrimage is a sacred tradition that has existed around the world for centuries  
 Every year more than one hundred million devotees from different cultures and faiths embark on journeys to such holy sites  
 as Santiago de Compostela Mecca and Banaras For some making a pilgrimage is a spiritual act while for others it is a secular  
 experience of personal restoration And yet there has never existed a tradition of pilgrimage within the United States Cultural  
 geographer James E Mills makes a compelling case for the creation of a network of American pilgrimage routes to heal  
 societal divisions and foster a new ethos of humanitarianism and environmentalism He also addresses practical  
 considerations for the development ownership and administration of future routes Pilgrimage Pathways for the United States  
 is for anyone considering a pilgrimage and for those of us who are interested in connecting and protecting our natural world  
 including environmentalists interfaith clergy political leaders community developers and activists      **Birding**, 2007
