Motivate your children to read

Who do I live with?

My family

My aunt

My grandma

## A Day in Nature

My family and I live in a big city full of cars, people walking and lots of noise.

I like to read a lot. My favorite book is about animals and plants.

One day my father said I could ask for whatever I

action download this now *Understanding and Teaching Reading Comprehension* Jane Oakhill, Kate Cain, Carsten Elbro, 2014-08-21 The ultimate aim of reading is not the process but to understand what we read and comprehension can take place at many different levels. There has been an increasing emphasis on the importance of reading comprehension in recent years but despite this there is very little written on this vital topic accessible to trainee and practicing teachers. The Handbook of Reading Comprehension presents an overview of recent findings on reading comprehension and comprehension problems in children. It provides a detailed examination of the characteristics of children who have reading comprehension difficulties and examines ways in which comprehension can be supported and improved. It is accessibly written for students and professionals with no previous background in the psychology of reading or reading problems. This indispensable handbook asks the question what is comprehension. The authors consider comprehension of different units of language understanding single words, sentences and connected prose and outline what readers and listeners have to do to successfully understand an extended text. This book also considers comprehension for different purposes in particular reading for pleasure and reading to learn and explores how reader characteristics such as interest and motivation can influence the comprehension process. Different skills contribute to successful reading comprehension. These include word reading ability, vocabulary knowledge, syntactic skills, memory and discourse level skills such as the ability to make inferences, knowledge about text structure and metacognitive skills. The authors discuss how each one contributes to the development of reading comprehension skill and how the development of these skills or their precursors in pre readers provides the foundation for reading comprehension development. Areas covered include Word reading and comprehension, Development of comprehension skills, Comprehension difficulties, Assessment, Teaching for improvement. Throughout the text successful experimental and classroom based interventions will be highlighted, practical tips for teachers and summary boxes detailing key points and explaining technical terms will be included in each chapter.

*Spotlight on Comprehension* Linda Hoyt, 2005

*Spotlight on Comprehension* presents a tapestry of short, highly practical essays loaded with ready-to-use strategies for teaching reading comprehension and assessing understanding. Hoyt and an All Star ensemble of contributors including Ellin Keene, Tony Stead, Nell Duke, Franki Sibberson, Mike Opitz, David and Yvonne Freeman, Adria Klein, Mary Lee Hahn and Gretchen Owocki cover the spectrum of comprehension instruction addressing topics like implementing the latest research on reading comprehension into your instruction, improving children's comprehension strategies especially questioning, inferring and summarizing, helping emerging, developing and second language readers improve their comprehension using writing to build reading comprehension, tackling a range of texts and genres across the curriculum including standardized tests, building a robust vocabulary, organizing instruction around guided reading, the read aloud and independent reading. Best yet Hoyt and her expert contributors include handy tools like checklists, sample lesson plans, book lists, strategy lists, assessment rubrics and learning extensions that will help you take their ideas and use them in your own classroom.
