new person and you can tell that they are just a bit disoriented by your weirdness You feel that familiar little pang of embarrassment and shame because you know how weird you must look to them You re physically imperfect So am I I know that moment as well as you do But you don t have to be cross eyed or have a conspicuous physical imperfection to enjoy this book Really thriving requires an uncommon set of barely legal Biohacking tools social dynamics strategies from the fringes of polite society and rapid mindset transformation technologies which this lifehacking manifesto delves into deeply This book is especially for that one or two percent of the population that has a glaring physical defect which I fall into I m cross eyed with Strabismus which you can see below If you re reading this perhaps you are too There are certainly people out there with more conspicuous physical imperfections who have it worse than I do However the eyes are the windows to the soul they are a part of nearly every important human interaction Not having normal eyes has been a disadvantage that I ve needed to develop a specific set of skills and life strategies to overcome I was talking to my lovely fianc e about this book and she asked me if the purpose of the book was to help the self esteem of people with physical imperfections Not really This book is more about the lifehacks that I ve employed over the past 15 years strategies methods and tools that work to help you overcome the challenge of a physical imperfection and thrive These things will likely improve your self esteem but they will also work if you have low self esteem or no self esteem or too much self esteem as I m sometimes accused of having Self esteem is not my focus there are better books on self esteem My focus is on what works This is not your typical self help book I ve had a pretty interesting life I ve dated a politician s daughter in Medellin Colombia I hung out with spies in Kyiv Ukraine I ve almost died underwater twice I participated in a bank robbery and I lost my virginity to a spy yes really From getting into high speed car chases to being deported from South American countries to representing the US Presidential candidate Donald J Trump I ve found the happiness I didn t give a damn about and realized my dream of becoming an adventuring philosopher I m not a theorist in the business of making generalizations The tactics and tools presented here are for rigorous practitioners ethical hedonists and open minded self experimenters I may sound like quite the pompous pontificator but I ll offer no apologies because storytelling is the best way to impart the unconventional mindset that saved me from mediocrity and the biohacks that enabled me to defy my selfish genes If you re bored with the tired problem generalization platitude strategy formula that most self help books follow you ll enjoy this memoir of adventures failures and unexpected successes across three continents I ll share with you some powerful tools for transformation Biohacking smart drugs flowstate red pill mindset and more with which I ve managed to pack several lifetimes worth of peak experiences into a single decade *The Art of Health Hacking* TJ Anderson,2018-04-10 TJ shows us we don t lack the science information or technology to live healthy but the art to use these resources properly Read The Art of Health Hacking to learn how vulnerability self compassion and personal health empowerment can put you back in charge of yourself You ll be glad you did Dave Asprey Founder of Bulletproof The Art of Health Hacking is a self coaching guide for the modern day health conscious consumer who wants to build their All Star

healthcare team rely less on a poorly designed sick care system and instead build their own health hacker approach rooted in prevention and high performance In his book TJ Anderson profiles what s he s learned as a health coach and perhaps more importantly as a self coach in the fields of biohacking behavior change and our ever evolving healthcare system Merging the fundamentals with the cutting edge *The Art of Health Hacking* will teach you how to evolve your definition of health create a healthier relationship with stress and strategically design your own lifestyle based on your intentions and desires Come along for the ride and experience what it s like to elevate your state of total health and performance *Sleep Hygiene Tips* Harry Sandor,2021-07-08 Are you getting enough sleep at night Do you have problems falling asleep or staying asleep According to the National Institutes of Health NIH about 1 in 3 American Adults do not get healthy amounts of sleep And stress can make the problem even worse This book is split into four sections covering the most important aspects of sleep hygiene Part I Create a Restful Sleep Environment Part II Follow a Healthy Sleep Routine Part III Eat a Soporific Diet Part IV Implement a Relaxing Bedtime Ritual *100 Top Copy Writers and Their Favorite Ads* Perry Schofield,1954 **The Encyclopedia of Pure Materia Medica** Timothy Field Allen,1877 **The Encyclopedia of pure materia medica v. 5, 1877** Timothy Field Allen,1877 **Let's Talk Sleep** Adam Rush,2017-08-09 Do you want to feel energetic sharp and productive all the time Do you want to look better have better memory and higher sex drive Of course you do Sleep is the solution If you suffer from insomnia or sleep deficiency this book will provide some tips tricks and hacks that can help you fall asleep faster and get better quality sleep This book will teach you The benefits of sleeping Why we sleep The stages of sleep How meditation and mindfulness can help you sleep better How to take advantage of your circadian clock Improving your sleep hygiene How sleep affects your hormones Foods supplements and hacks that can improve your sleep The best apps and products for quality sleep **Sleep Hacker** Transcend Your Limits,2022-02-21 Your sleep is broken The chances are you re NOT sleeping as well as you could In fact MOST of us just aren t sleeping as well as we could be and this is showing up in various forms People are feeling too tired to work depressed and weak throughout the day And this is usually one or two things that you re doing WRONG that are stopping your body entering the deep sleep stage it needs to restore and recover Over the last few years I ve collected several highly effective sleep hacks and tricks that you could use to sleep BETTER These things work and they work fast SLEEP BETTER We ve collected dozens of tips bits of information and methods or techniques for improving your sleep and going to sleep faster FEEL BETTER If you practice these techniques you ll fall asleep better and feel much better in the morning Lots of people complain of not getting enough sleep or not sleeping well enough so we ve collected the tips that can help you SLEEP FASTER Another common concern is people can t seem to fall asleep FAST enough so we ve collected some information on how to fall asleep faster and with less effort as well Overcome your bad sleep habits and finally feel good when you wake up in the morning We ve spent months collecting the best and most effective tips and tricks for sleeping better so you can enjoy your life more Scroll up or down and order your copy now and get started
