## **Microsoft OneNote 2019: Guide for Beginners**

J. Davidson, 2019-03-11

Microsoft OneNote 2019 has been very much anticipated by the fans of this software Microsoft OneNote is a software that has been incredibly popular over the years The previous version of Microsoft OneNote that was released is the 2016 version There exist a lot of people around the world that depends on this software and use it to take notes The previous 2016 version of Microsoft OneNote is equipped with a wide variety of useful features which includes the ability to also draw within the system With the recent release of the 2019 version of Microsoft OneNote the many users of this software across the world will notice that there have been some upgrades made to the system The fact is that while Microsoft OneNote already has many fans there were actually a few issues that the users just could not ignore One such issue is the fact that the 2016 version of Microsoft OneNote was not equipped with a dark mode The lack of a dark mode would still be evident even if the device that you are using does support a dark mode There is however a multitude of great features that many users would like to see come back in the recently released 2019 version of the Microsoft OneNote software
