Online Book Housing Allocation Homelessness Law Practice:

Housing Allocation and Homelessness His Honour Jan Luba, Liz Davies, Connor Johnston, Tessa Buchanan, 2018-07-16

Written by leading specialists in the field this book is a comprehensive and authoritative guide to the legal obligations of local housing authorities and social housing providers in relation to the provision of permanent and temporary housing accommodation and the rights of those seeking such accommodation. *Housing Allocation and Homelessness Law and Practice* provides a uniquely balanced coverage of both the allocation of social housing and homelessness providing practical guidance on the statutory framework and how the legislation works. This is a comprehensive resource for all housing options advisers, homelessness officers, housing staff working for local housing authorities and social housing providers on allocations and lettings, housing lawyers and all those advising on homelessness and housing allocation. *Exploring the Links between Social Connections, Care and Integration* Marcia Vera Espinoza, Arek Dakessian, Clayton Boeyink, 2024-10-18. Integration has in recent decades emerged as the primary policy tool through which the nations of the global north and increasingly the global south shepherd their immigrants to achieve the same social and economic outcomes as natives, taking into account their characteristics. OECD 2018. Despite scholarship on the importance of social connections to facilitate feelings of belonging and settlement, lack of consensus around what integration means has led to a bustling critique of the notion as prescribing processes through which migrant others must work their way into acceptance in the body social. Moreover, scholars recognise that discourses and practices of integration are often used as means to justify accompanying policies of disintegration and exclusion. Put differently, there is a humanitarian hand that cares and a hand that strikes. Frameworks for understanding migration and integration traverse the realms of theory, policy and practice and are usually intertwined with discourses and regimes of care and connectedness. This Research Topic aims to further unsettle debates around integration and care through an engagement with the value commitments that underlie integration projects and that drive everyday practice and service provision, drawing upon perspectives beyond the global north. *Whitaker's Book List*, 1989.

Housing Law and Practice Gail Price, 2008. Provides an examination of the law and procedure that helps to equip students with the knowledge and skills required to complete their course and assists housing workers in advising and representing clients in the county courts. This text covers the provisions on parenting contracts and parenting orders available to social landlords. **Housing: Participation and Exclusion** David Cowan, 2018-12-21. Published in 1998, current themes in housing are explored in this collection of papers. The gamut of issues surrounding participation, such as tenant participation or decision making, participation together with the forces leading to exclusion, such as in relation to ethnic minorities, are examined. The book will be relevant to all those in the housing movement together with those working in related disciplines. Moral Rhetoric and the Criminalisation of Squatting Lorna Fox O'Mahony, David O'Mahony, Robin Hickey, 2014-10-24. This collection of critical essays considers the criminalisation of squatting from a range of different

theoretical policy and practice perspectives While the practice of squatting has long been criminalised in some jurisdictions the last few years have witnessed the emergence of a newly constituted political concern with unlawful occupation of land With initiatives to address the threat of squatting sweeping across Europe the offence of squatting in a residential building was created in England in 2012 This development which has attracted a large measure of media attention has been widely regarded as a controversial policy departure with many commentators Parliamentarians and professional organisations arguing that its support is premised on misunderstandings of the current law and a precarious evidence base concerning the nature and prevalence of squatting *Moral Rhetoric and the Criminalisation of Squatting* explores the significance of measures to criminalise squatting for squatters owners and communities The book also interrogates wider themes that draw on political philosophy social policy criminal justice and the nature of ownership to consider how the assimilation of squatting to a contemporary punitive turn is shaping the political social legal and moral landscapes of property housing and crime
