Non Ho Larma Che Uccide Il Leone Paperback:

The Man Who Closed the Asylums John Foot, 2023-08-01 When the wind of the 1960s blew through the world of psychiatry In 1961 when Franco Basaglia arrived outside the grim walls of the Gorizia asylum on the Italian border with Yugoslavia it was a place of horror a Bedlam for the mentally sick and excluded redolent of Basaglia's own wartime experience inside a fascist gaol Patients were frequently restrained for long periods and therapy was largely a matter of electric and insulin shocks The corridors stank and for many of the interned the doors were locked for life This was a concentration camp not a hospital Basaglia the new Director was expected to practise all the skills of oppression in which he had been schooled but he would have none of this The place had to be closed down by opening it up from the inside bringing freedom and democracy to the patients the nurses and the psychiatrists working in that total institution Inspired by the writings of authors such as Primo Levi R D Laing Erving Goffman Michel Foucault and Frantz Fanon and the practices of experimental therapeutic communities in the UK Basaglia's seminal work as a psychiatrist and campaigner in Gorizia Parma and Trieste fed into and substantially contributed to the national and international movement of 1968 In 1978 a law was passed the Basaglia law which sanctioned the closure of the entire Italian asylum system The first comprehensive study of this revolutionary approach to mental health care The Man Who Closed the Asylums is a gripping account of one of the most influential movements in twentieth century psychiatry which helped to transform the way we see mental illness Basaglia's work saved countless people from a miserable existence and his legacy persists as an object lesson in the struggle against the brutality and ignorance that the establishment peddles to the public as common sense **Franco Basaglia's**

Revolution Carlo Guareschi, Valeria Bizzari, 2025-02-18 This book explores the importance of the work of Franco Basaglia a pioneer in the democratic psychiatry movement Using a multidisciplinary approach combining philosophy and psychology this volume seeks to illuminate the past and create a clearer picture of Basaglia's impact in conceptualizing modern psychiatric care It reviews the contemporary status of care and offers new insights for a critical evaluation of care that takes the psychiatric revolution to a new level Highlights Basaglia's diagnostic and clinical practice Employs a multi disciplinary approach Joins phenomenology and critical theory *Differences on Stage* Alessandra De Martino, Paolo Puppa, Paola Toninato, 2014-09-18 Differences on Stage is a collection of twelve original essays by leading international theatre critics and scholars which aims to address the relationship between theatre and the development of political awareness through the voice of subaltern people The book is enriched by the contributions of some of the most engaged protagonists of the stage who in their capacity as authors players and directors denounce prejudice and conformism whilst allowing the marginalized sections of society to speak out An authoritative overview of the theatre of differences this book offers a key interpretation of contemporary society and underscores that although theatre no longer holds a central position in our multi media society the theatre of marginalized spaces ironically becomes central again and regains its role as the brain and lungs of the community

Differences on Stage covers a variety of topics across a multi cultural and geographical spectrum and its contributions present previously unexplored connections between the discourses of theatre and anthropological cultural and translation studies offering new critical readings and drawing on recent theoretical frameworks *Il parco della guarigione infinita* Giuseppina Scavuzzo, 2022-01-21 Sul confine tra Italia e Jugoslavia nel 1961 in un piccolo ospedale di provincia ha inizio una delle più importanti battaglie per i diritti civili che abbia segnato il nostro Paese Immagini di reti e cancelli divelti hanno tramandato della rivoluzione basagliana la traccia di un gesto radicale che nega ogni possibilità di riforma dell'istituzione La ricerca dimostra attraverso materiali inediti e dimenticati quanto la negazione dell'istituzione passi attraverso un processo più complesso di trasformazione fisica dei luoghi e dell'architettura Il dialogo tra architettura e psichiatria che proprio l'esito della battaglia iniziata qui ha interrotto pone oggi questioni assolutamente vive il rapporto tra architettura e potere quello tra diritti e uso degli spazi e soprattutto il tempo e lo spazio di guarigione che una società produce e immagina per chi non considerato sano
