The Noisemaker Nikolas Ridout, 2015-12-04 A story of love friendship compassion and war *The Noisemaker* is one of the rare pieces of fiction that is based on hard cold facts Written by a rising South African author Nikolas Ridout *The Noisemaker* is the first part of a trilogy called *The Angels Shall Sing* Inspired by the troubled times faced by the South African farmers during the Second Boer War the story paints the picture of one boy that stood up for what he believed was right The author successfully captures how war destroys the lives of innocents Set in Cradock and Cape Town in 1901 it brings history to life in these times Corruption lies and deceit were rampant The British wanted the gold and by hook or by crook they were going to get it Here in this book you will get to know of events that were never revealed in history books *The Noisemaker* opens with giving us a peep into the everyday life of the farming community in Cradock a small town in South Africa Gone are the days when the peace prevailed on the streets of this town Now a dark and ominous cloud keeps the sky covered as if to remind people of the war that is raging around them A 16 year old boy is hanged in front of a shocked and frightened audience The protagonist a farm boy watches in horror as his best friend s once strong lively body is engulfed by the cold calmness of death Why was the teenage boy hanged What will our protagonist do next What sort of devastation does the war bring Read on to find out

Annals of the Omega Project - a Trilogy Thomas A. Cahill, 2012-07-15 On a flight from Sacramento to Denver Professor Ken O Neal discovers he has a telepathic and loving connectedness with flight attendant Michelle Kolberg Believing that other sensitives probably exist in their midst they embark on the formation of a group of like minds they call the Omega Project at a University of California campus The Omega Project s benevolent communication is suddenly threatened by powerful people in San Francisco older men in secret Covens who use ancient mind control techniques to trap their telepathic victims and perform horrific deadly feedings on their brains to strengthen their own powers of domination A feeding on the brain of a university student named Bonny ignites warfare between the Covens and Omega members with gruesome fatalities Ken and Michelle learn more about the frightening control of the leaders of the Covens organization in Europe forcing Omega to go underground Fearing the growing capabilities of the Omega members the Covens call upon their Gypsy allies some of whom they casually sacrifice as part of their strategy to frighten and execute Omega members Furious the Gypsies reluctantly realize they must reconsider their alliances The battle spills over into Europe and some innocent bystanders who become aware of the Coven monsters in their midst pay an awful price Eventually acknowledging the compassionate intentions of the Omega Project the Gypsy clans cautiously develop trust and agree to help Omega launch a counterattack against the Covens despite knowing they must face the evil Emil who is powerful enough to kill by thoughts alone
