King, 2017-11-27 Excerpt from Normal School Outlines of the Common School and Advanced Branches Designed as an Aid to Teachers and Pupils in the Method of Teaching and Studying by Topics as Pursued in Normal Schools The author of this little volume having been actively engaged in the work of teaching for many years has felt the need of a text book adapted to the school work of all grades and more particularly required in the higher grades and normal schools a text book that would engender habits of thought on the part of pupils and aid them to develop subjects naturally and logically one that would present at a glance the correct outlines of the subjects and give the leading principles of the various branches taught in our schools Such a text book the author believes this to be While it may not be complete in itself by a little elucidation of the subjects on the part of the instructor and a careful study of the outlines and principles on the part of the pupils a fair knowledge of each branch may be gained without reference to any other text book More particularly is it calculated to be supplementary to ordinary text books Its classified arrangement of topics and facts saves much unnecessary labor on the part of pupils About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Normal Teacher*, 1879 *The Indiana School Journal*, 1880 *The Practical Debater* W.
