New York Magazine, 1995-05-29 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

[Fact, Fictions, and the Forbidden Predictions of the Amazing Criswell](#) Edwin Lee Canfield, 2023-01-02 We are all interested in the future for that is where you and I are going to spend the rest of our lives whether we want to or not. Jeron Charles Criswell, King, better known simply as Criswell, can rightfully be described as one of the first pop celebrity psychics. His bizarre predications, 87 per cent of which came true, he claimed, appeared from the 1950s through the 1970s in newspapers and magazines while the flamboyant showman hosted his own Los Angeles television show, guested on national TV, and in Ed Wood movies including *Plan 9 from Outer Space* alongside Vampira, Tor Johnson, and Bela Lugosi. Unsuccessful attempts to find fame on Broadway and Tin Pan Alley did not prevent him from co-authoring three books on how to succeed in these fields. A member of the hidden Hollywood gay community, the story of Criswell, his triumphs and defeats, is one of fame and hope. *Fact Fictions, and the Forbidden Predictions of the Amazing Criswell* is the first full length biography of Criswell. It is the result of 20 years of research by number one fan Edwin Canfield and includes interviews, new information, and many startling predictions. The world as we know it will cease to exist on August 18, 1999.

[Inside Oscar](#) Mason Wiley, Damien Bona, 1993 More than we ever wanted to know about the froth that rises every year to the top of the fermenting tank of American popular trash culture. And a nasty book. Flimsy binding and acidic paper, this is the best news the book will self-destruct in a few years. Indispensable for those who wallow in movie trivia. Annotation copyright by Book News Inc, Portland, OR.

[Flop Musicals of the Twenty-First Century](#) Stephen Purdy, 2021-09-12 *Flop Musicals of the Twenty-First Century* offers a provocative and revealing historical narrative of a group of musicals that cost millions and had spectacular potential but bombed anyway. Stephen Purdy examines at length the production histories, which are all bound together by a common thread. The book focuses the lens on several seemingly infallible theatre creatives who weren't destined to repeat their successes with the shows discussed in this volume. As such, Purdy grounds the discussion by examining what the legendary creators of *Les Misérables*, pop superstar Elton John, wunderkind Julie Taymor, and many others have in common besides being inspired storytellers of iconic Broadway musicals. The answer is that they also all created shows that for one reason or a dozen didn't find an audience. *Flop Musicals of the Twenty-First Century* shares the story of what can happen when formidable creative teams of sell-out musicals attempt to recreate their success but miss the mark. This is an engaging book for students, practitioners, and fans of musical theatre that contains thoughtful observations about luck and creative differences, botched adaptations, and alienated audiences, all of which can determine the fate of a musical.
