## **Netflix 2025 Open Now:**

**The Age of Netflix** Cory Barker, Myc Wiatrowski, 2017-09-12 In 2016 Netflix with an already enormous footprint in the United States expanded its online streaming video service to 130 new countries adding more than 12 million subscribers in nine months and bringing its total to 87 million The effectiveness of Netflix s content management lies in its ability to appeal to a vastly disparate global viewership without a unified cache of content Instead the company invests in buying or developing myriad programming and uses sophisticated algorithms to narrowcast to micro targeted audience groups In this collection of new essays contributors explore how Netflix has become a cultural institution and transformed the way we consume popular media     Information Systems Today Leonard M. Jessup, Joseph S. Valacich, 2008 For the undergraduate graduate introductory information systems course required of all business students Information Systems Today 3e speaks directly to WHY IS MATTERS today by focusing on what every business student needs to know about IS including its leading role in the globalization of business     Selling Rights Lynette Owen, 2024-07-08 Now in its ninth edition Selling Rights has firmly established itself as the leading guide to all aspects of rights sales and co publications throughout the world Covering the full range of potential rights from English language territorial rights through to serial rights permissions rights for the reading impaired translation rights dramatization and documentary rights electronic and multimedia rights this book constitutes a comprehensive introduction and companion to the topic Besides individual types of rights topics covered also include book fairs Open Access the ongoing impact of new electronic hardware and the rights implications of acquisitions mergers and disposals This fully updated edition includes New IP legislation and proposed legislation in the UK and the USA including changes regarding TDM and the post Brexit implications of EU directives and exhaustion of rights The implications of artificial intelligence AI for author contracts and licensing contracts The impact of the pandemic and its aftermath on the promotion and sale of rights Coverage of censorship in countries around the world especially in relation to LGBTQI content as well as political situations which have impacted on rights trading The impact of streaming services on opportunities for licensing television and film rights Major revisions to the chapters on audio and video recording rights the internet and publishing and electronic publishing and digital licensing Selling Rights is an essential reference tool and an accessible and illuminating guide to current and future issues for rights professionals and students of publishing     International Economic Law in a Developed Korea Asif H Qureshi, Nany Hur, Jeong Ah Lee, 2026-01-27 The book examines South Korea s evolving role in the global economic legal framework by analyzing how this developed nation navigates complex trade relationships shapes international norms and addresses emerging challenges in a rapidly changing world order Through detailed case studies of South Korea s economic diplomacy with major partners it traces the country s strategic transition from adhering to GATT rules to becoming a leader in regional free trade agreements It also explores South Korea s innovative methods of integrating sustainability and digitalization into its trade policy The book provides a clear understanding of how a developed Asian

economy balances domestic priorities with international obligations By investigating the causal mechanisms behind its policy choices the book assesses the strengths and weaknesses of South Korea's strategies as an influential middle power and their global impact This book will be of interest to scholars and policymakers in international economic law comparative law international trade and investment law particularly those interested in Asian perspectives on global economic governance

Cultural Funding and Financing Carolina Dalla Chiesa, Anders Rykkja, 2026-01-03 This edited open access volume offers a comprehensive analysis of new and traditional funding models for the arts and culture In the economic and political contexts of reduced art funding the book takes an objective pragmatic and heterodox approach to demonstrate how financial sustainability in the arts can be achieved via a range of top down and bottom up mechanisms which are valued either in terms of institutional or crowd based legitimacy The book aims to offer both a scholarly interpretation of established and emerging funding and financing practices within the cultural and creative sector as well as guidance for artists creators and cultural programmers through various case studies and multiple examples of current practices Contributions are divided into three sections Section one outlines the most important traditional tools and models while the second part covers the key contemporary practices premised on the use of digital platforms and the final part introduces several case studies The objective of this volume is to demonstrate that while traditional models show no signs of being supplanted digitalisation has facilitated the emergence of new forms Such an evolution has consequences for creators of works as well as those willing to support them The contributions address these issues by investigating and analysing the individual or combined adoption of traditional and new funding and financing models in a post digital context
