Order College S Online:

Major and Serious Crime Investigations Richard Carr, Colin Davies, 2025-02-28 This text explores the concept of major and serious crime investigations as it takes the reader through the fundamental elements of investigative theory and practice that are relevant to this area of criminality. Unlike other texts that concentrate on either bespoke areas of criminality such as homicide terrorism or tends in concepts such as county lines this book recognises that the reader will be new to investigative study with little practitioner experience to anchor their learning. By using the latest evidence based policing knowledge and critical thinking it explores the concepts of major and serious crime detailing key areas of legislation and how investigative strategies and decision making can influence successful outcomes. Other topics examined in this text is the key areas of risk for major and serious crime investigations the impact on investigators the concept of disclosure investigative interviewing and how civil orders designed to tackle this type of criminality can provide a successful alternative to prosecution. Both students and practitioners can find this book useful with this book's contemporary approach of using case studies and contemporary investigative examples relevant to the topic. This book brings together academic theory and operational understanding of major and serious crime that provides learners with an easy to follow guide that they can keep returning to throughout their career.

Examining the Impact of Community Colleges on the Global Workforce

Jones, Stephanie J., Smith, Dimitra Jackson, 2015-08-04 In an effort to create a more educated workforce in the United States many community colleges are implementing new practices and strategies to assist under prepared students. These efforts will ultimately support a stronger and more resilient global workforce. Examining the Impact of Community Colleges on the Global Workforce provides relevant theoretical and conceptual frameworks best practices and emerging empirical research about new approaches being employed in community colleges to prepare students for their post collegiate careers. Featuring recent initiatives in educational settings this publication is a critical reference source for higher education practitioners policymakers and graduate students in higher education administration programs interested in the innovative practices utilized by community colleges to educate underserved students.

Research Trends in Multidisciplinary subjects - Volume 2

Sruthi.S, Dr.D. David WinstenPraveenraj, **Student Services** John H. Schuh, Susan R. Jones, Shaun R. Harper, 2010-10-19 Now in its fifth edition Student Services A Handbook for the Profession has been hailed as a classic reference in the field. In this important resource a new cast of student affairs scholars and practitioners examine the changing context of the student experience in higher education the evolution of the role of student affairs professionals and the philosophies ethics and theories that guide the practice of student affairs work. The fifth edition covers a broad range of relevant topics including historical roots and development of the profession philosophies and ethical standards legal issues theoretical bases of the profession organizing and managing student affairs programs and essential competencies leadership multiculturalism supervision teaching counseling and helping skills advising and consultation conflict resolution community development

professionalism and developing institutional partnerships It also addresses the future of student affairs practice and how it is informed by student learning outcomes and technology The painstakingly thorough coverage of topics important to the profession of student affairs makes this handbook a valuable resource to the scholarly and practice communities of the profession John M Braxton professor Higher Education Leadership and Policy Program Peabody College Vanderbilt University editor Journal of College Student Development Continues three decades of excellence in providing a comprehensive set of resources that provides firm grounding for the higher education student affairs community in all aspects of our profession Michael J Cuyjet professor Department of Educational and Counseling Psychology University of Louisville Casts an impressively wide net thoroughly capturing critical topics and offering a deeply nuanced and technical yet readily accessible narrative trajectory and study of student affairs in higher education Theresa A Powell vice president for student affairs Temple University

Protest Policing and Human Rights Michael Smith,2022-12-30 This book examines

protest policing and the toolbox of options available to police commanders in response The right to peacefully protest is intrinsic to democracy and embedded in British history and tradition The police are responsible for managing public order and facilitating peaceful protest and this has not been without criticism On occasions the police have found themselves in opposition to protest groups and there have been incidents of disorder as a result In response the development of Police Liaison Teams in the UK has presented the police with a gateway for dialogue between themselves and those involved in protest Drawing on two contrasting case studies the policing of the badger cull in South West England and an English Defence League EDL march in Liverpool this book explores the experiences of police commanders police liaison officers protesters counterdemonstrators members of local businesses and other interested parties It explores how a dialogical approach with all those engaged in or affected by a protest has assisted the police in balancing human rights and reducing conflict for all An accessible and compelling read this book will appeal to students scholars and practitioners of policing politics criminology sociology human rights and all those interested in how protests are policed
