Tales of the Orishas Hugo Canuto,2023-09-19 Tales of the Orishas is a fantasy adventure graphic novel that explores Afro Brazilian legends and mythology In ancient times when heaven and Earth were united as two halves of a gourd deities and heroes walked among men They fought battles with fury and taught the ways of the ashe the energy of creation land iron and fire They reigned and loved with great intensity Some descended from the luminous Orun to live their lives and fulfill their destinies while others were born in the aiye and through their great deeds became Orishas changing forever the history of two continents Tales of the Orishas fuses the pantheon of the African diasporic religion of Candomblé with the Silver Age comic aesthetics of Jack Kirby into a riveting tale of high adventure The story centers around a celestial battle between the gods of Brazil who are worshipped by the Bahia people and a fearsome conquering force led by a dark and malevolent overlord Only Shango the god of fire and thunder can lead his people into victory while the fate of creation hangs in the balance Masterfully executed and painstakingly researched writer and artist Hugo Canuto brings these legends to life with incredible designs and a vibrant color palette Tales of the Orishas is a bright and brilliant story that showcases mythology as a powerful tool to remind us that there is something greater to unite the peoples who sail on the blue star called Earth
