Alexandre Dumas

Orlando Innamorato The Worlds Classics:

La Bête Humaine Émile Zola, 1899 Did possessing and killing amount to the same thing deep within the dark recesses of the human beast La Bête humaine 1890 is one of Zola's most violent and explicit works On one level a tale of murder passion and possession it is also a compassionate study of individuals derailed by atavistic forces beyond their control Zola considered this his most finely worked novel and in it he powerfully evokes life at the end of the Second Empire in France where society seemed to be hurtling into the future like the new locomotives and railways it was building While expressing the hope that human nature evolves through education and gradually frees itself of the burden of inherited evil he is constantly reminding us that under the veneer of technological progress there remains always the beast within This new translation captures Zola's fast paced yet deliberately dispassionate style while the introduction and detailed notes place the novel in its social historical and literary context

The Masterpiece Émile Zola, 1999 This is the most autobiographical of the 20 novels in Zola's Rougon Macquart series It provides an insight into his friendship with Cezanne and presents an account of the turbulent Bohemian world in which the Impressionists came to prominence

The Three Musketeers Alexandre Dumas, 1998 A historical romance The Three Musketeers tells the story of the early adventures of the young Gascon gentleman D'Artagnan and his three friends from the regiment of the King's Musketeers Athos Porthos and Aramis Under the watchful eye of their patron M de Treville the four defend the honour of the regiment against the guards of Cardinal Richelieu and the honour of the queen against the machinations of the Cardinal himself as the power struggles of seventeenth century France are vividly played out in the background

The Oxford Guide to Literature in English Translation Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available

Jacques the Fatalist and His Master Denis Diderot, 1999 Your Jacques is a tasteless mishmash of things that happen some of them true others made up written without style and served up like a dog's breakfast Jacques the Fatalist is Diderot's answer to the problem of existence If human beings are determined by their genes and their environment how can they claim to be free to want or do anything Where are Jacques and his Master going Are they simply occupying space living mechanically until they die believing erroneously that they are in charge of their Destiny Diderot intervenes to cheat our expectations of what fiction should be and do and behaves like a provocative ironic and unfailingly entertaining master of revels who finally show why Fate is not to be equated with doom In the introduction to this brilliant new translation David Coward explains the philosophical basis of Diderot's

fascination with Fate and shows why Jacques the Fatalist pioneers techniques of fiction which two centuries on novelists still regard as experimental

The World's Great Classics, 1899

The Charterhouse of Parma Stendhal, 1999-09-09 The Charterhouse of Parma 1839 is a compelling novel of passion and daring of prisons and heroic escape of political chicanery and sublime personal courage Set at the beginning of the nineteenth century amidst the golden landscapes of northern Italy it traces the joyous but ill starred amorous exploits of a handsome young aristocrat called Fabrice del Dongo and of his incomparable aunt Gina her suitor Prime Minister Mosca and Cl lia a heroine of ethereal beauty and earthly passion These characters are rendered unforgettable by Stendhal s remarkable gift for psychological insight Never before have the hearts of princes ministers courtiers and women been depicted like this wrote Honor de Balzac Stendhal s tableau has the dimensions of a fresco but the precision of the Dutch masters The great achievement of The Charterhouse of Parma is to conjure up the excitement and romance of youth while never losing sight of the harsh realities which beset the pursuit of happiness nor the humour and patient irony with which these must be viewed This new translation captures Stendhal s narrative verve while the Introduction explores the novel s reception and the reasons for its enduring popularity and power
