

ORTHODOX DOGMATIC THEOLOGY

PROTOPRESBYTER MICHAEL POMAZANSKY

Orthodox Dogmatic Theology A Concise Exposition

Daniel B. Clendenin

Orthodox Dogmatic Theology A Concise Exposition:

Orthodox Dogmatic Theology Michael Pomazansky, 1994 **Orthodox Dogmatic Theology** Michael Pomazansky, 1985-10-01 **Orthodox Dogmatic Theology** Dumitru Staniloae, 2000-10-01 Staniloae seeks always to indicate the inner coherence of dogmatic truth and the significance of each dogma for the personal life of the Christian. It is the theologian's task to make manifest the link between dogma and personal spirituality to show how every dogma responds to a deep need and longing in the human heart and how it has practical consequences for society. Dogmas he is convinced do not enslave but liberate; theology is essentially freedom. Kallistos Ware *Orthodox dogmatic theology : a concise exposition: p. ; 21 cm. Translated from the Russian. Protopresbyter Michael Pomazansky, 1888-1989. Includes indexes* Michael ; Rose Pomazansky (Seraphim, trans), 1984 **Eastern Orthodox Theology** Daniel B. Clendenin, 2003-10-01 A clear introduction to Eastern Orthodoxy and key aspects of the tradition. Now contains new articles and additional readings on Orthodoxy and evangelicalism **The Papacy: Revisiting the Debate Between Catholics and Orthodox** Erick Ybarra, 2022-11-22 The Lord Jesus Christ intended his kingdom present on earth; the Church of God to be one, holy, catholic, and apostolic. Prior to the Protestant Reformation in the sixteenth century, history tells of the most egregious division in the Church between the Latin West and Byzantine East in AD 1054 and following. How can it be that Catholics and Orthodox share a thousand years of ecclesial life together in one faith, sacramental order, and hierarchical government only to have that bond of communion broken? Historians and theologians throughout the years have spilled much ink in recounting the causes and effects of this dreadful and heart-wrenching division, and among the many debates that exist between Catholics and Orthodox, none are as vital to the task of reconciliation as the subject of the papacy. In *The Papacy: Revisiting the Debate between Catholics and Orthodox*, Erick Ybarra examines sources from the first millennium with a fresh look at how methodology and hermeneutics play a role in the reading of the same texts. In addition, he conducts a detailed investigation into the most significant points of history in order to show what was clearly accepted by both East and West in their years of ecclesiastical unity. In light of this clear evidence, the reader of *The Papacy* is free to decide whether contemporary Catholicism or Eastern Orthodoxy has maintained the heritage of the first millennium on the understanding of the Papal office. **Eastern Orthodox Christianity** Daniel B. Clendenin, 2003-10-01 In this reliable and engaging survey, Daniel Clendenin introduces Protestants to Eastern Orthodox history and theology with the hope that the two groups will come to see their traditions as complementary and learn to approach one another with a hermeneutic of love that fosters mutual respect, toleration, and even support. This revised edition includes a new preface, a new chapter, and an updated bibliography. In addition to updated demographic information, Clendenin examines at length a particular aspect of Orthodoxy's intersection with Protestantism: its growing exchange with evangelicalism. *The End of Liberal Theology* Peter Toon, 2010-10-01 Modern theology is a maze of conflicting beliefs. In fact, the shape of contemporary theology has changed so much in this century and especially since the

1960s that it's hard to make sense of it all. Of not only what the various belief systems mean but how we came to be where we are within those systems. In *The End of Liberal Theology* respected theological lecturer and author Peter Toon introduces evangelicals to modern forms of doctrine and theology both Protestant and Roman Catholic. He does so by discussing the basics of orthodoxy by speaking to the various points of accommodation that have resulted in new forms of theology and by dissecting liberalism and its effect on evangelicalism. This book is thus a family tree of modern theology showing how the various contemporary forms and those that preceded them are related to each other. With its comprehensive analysis *The End of Liberal Theology* is destined to be a yardstick by which critical evaluations of current doctrines both old and new liberal and conservative will be made. *The History and Beliefs of Old Catholicism and the Old Catholic Church of North America* D. Div. Nesmith, 2008-02 The doctoral dissertation of the Rt Rev Michael NeSmith this text traces the history of the Old Catholic movement from its beginnings in Utrecht Holland through its many struggles and growths to become what it is today. The specific focus is the history and beliefs of the Old Catholic Church of North America. **Defining the New Testament Logia on Divorce and Remarriage in a Pluralistic Context** Yordan Kalev Zhekov, 2009-01-01 Christian marriage is a permanent union which requires the commitment of both spouses for its maintenance through fulfillment of its stipulations. The failure of the fulfillment of the latter provides legitimate grounds for divorce and remarriage of the innocent party. This work employs a fourfold approach for the development of NT ethical argumentation based on Richard B Hays Moral Vision of the New Testament. The author establishes the proper contextual grounds for the NT study through formulation of the Old Testament perspective on marriage as covenant. The relevant NT passages are examined through historical critical and narrative critical methods. A critical study of the main Christian traditions leads to an ecumenical formulation of the theological conclusions. Pragmatic implementation of the thesis follows an examination of the contemporary pluralistic context and applications in both Christian communities and the larger society within its legislative system. *Journal of the Australian Early Medieval Association* Geoffrey D. Dunn, Darius von Guttner Sporzynski, 2017-12-31 The journal welcomes papers on historical literary archaeological cultural and artistic themes particularly interdisciplinary papers and those that make an innovative and significant contribution to the understanding of the early medieval world and stimulate further discussion. For submission details please see the association website www.aema.net.au. Submissions then may be sent to journal@aema.net.au. **The Orthodox Word**, 1988 *Sobornost Incorporating Eastern Churches Review*, 1986 Orthodoxy, Modernity, and Authenticity Heather Bailey, 2008 Ernest Renan was one of the most renowned European intellectuals of the second half of the nineteenth century. Yet the impact of his most popular work *Life of Jesus* has been underestimated when not altogether ignored. While commonplace now the idea that Jesus was merely human was at one time a novelty with significant socio political cultural and religious implications. A case study in the Russian encounter with modernity. *Orthodoxy Modernity and Authenticity: The Reception of Ernest Renan's 'Life of Jesus' in Russia* demonstrates

that Renan TM s book has had long lasting and broad appeal in Russia because it presents an alternative to a strictly materialist worldview on the one hand and an Orthodox worldview on the other Renan offered his readers the possibility to accept the tenets of modernity while still retaining both an admiration for the importance of religion in history and a sense of religious feeling or even belief in a higher religious ideal Assessments of Renan TM s alternative belief system whether positive negative or mixed were often simultaneously evaluations of the moral socio political and spiritual condition of European society in general and Russian society in particular The interpretive history of Renan TM s Life of Jesus in Russia reveals a persistent disillusionment with a strictly materialist interpretation of history and of life **Resurrection and**
