**Over Martinus Nijhoff** Jan Engelman,1953      **Over Martinus Nijhoff. [Articles by Jan Engelman and A. Roland Holst, with the Text of a Lecture by M. Nijhoff "Over Eigen Werk."].** Martinus NIJHOFF (the Younger.),1953

Husserl and Heidegger on Being in the World Søren Overgaard,2004-04-30 It is a study of the phenomenological philosophies of Husserl and Heidegger Through a critical discussion including practically all previously published English and German literature on the subject the aim is to present a thorough and evenhanded account of the relation between the two The book provides a detailed presentation of their respective projects and methods and examines several of their key phenomenological analyses centering on the phenomenon of being in the world It offers new perspectives on Husserlian and Heideggerian phenomenology e g concerning the importance of Husserl s phenomenology of the body the relationship between the Husserlian concept of constitution and Heidegger s notion of transcendence as well as in its argument that being designates the central phenomenon for both phenomenologists Though the study sacrifices nothing in terms of argumentative rigor or interpretative detail it is written in such a way as to be accessible and rewarding to non specialists and specialists alike

**Husserl on Ethics and Intersubjectivity** Janet Donohoe,2016-04-06 This book provides a compelling look at the importance of Husserl s methodological shift from his original purely static approach to his later genetic approach to the analysis of consciousness The author shows that between 1913 and 1921 Husserl progressed in his thinking from a constitutive analysis of how something is experienced which focused primarily on the general structure of consciousness as an abstract unity to an investigation into the origins of the subject as a unique individual interacting with and growing within the surrounding environment This much needed synthesis of Husserl s methodology will be of interest to scholars phenomenologists and philosophers from both continental and analytic schools      **Martinus Nijhoff, 1853-1953** Martinus Nijhoff Publishers,1953

*The Working Papers of Hugo Grotius* Martine Julia van Ittersum,2024-05-27 The Working Papers of Hugo Grotius is the first full length study of the handwritten documents initially used by the author of *Mare Liberum* 1609 and *De Jure Belli ac Pacis* 1625 in his day to day activities as a scholar lawyer and politician but subsequently incorporated into his own or other archives Martine van Ittersum reconstructs a process of transmission dispersal and loss that started during Grotius lifetime and ended with the papers auction in 1864 This is also a study of archival afterlives Our understanding of Grotius life and work is shaped by the conscious decisions of previous generations to retain or discard documents frequently for the sake of individual lives and careers family honour and or larger political and religious ends

The Invention of Infinity: Essays on Husserl and the History of Philosophy Claudio Majolino,2023-09-29 This book covers Husserl s stance on the philosopher and the history of philosophy whether or not such a history is part of the philosophical attitude itself and if so how Husserl s phenomenology might weigh in on such matters Firstly this text spells out some of the manifold ways in which the history of philosophy works its way in Husserl s phenomenology showing how

concepts methods and problems drawn from various Ancient and Modern philosophical traditions Platonism Aristotelianism Sophistry Stoicism Scholasticism Modern Rationalism are transformed and embedded within transcendental phenomenology itself Secondly it shows how a better understanding of the distinctive patterns by means of which Husserl's phenomenology confronts the history of philosophy could be extremely significant for historians of philosophy who are interested in learning something entirely new about the unexplored horizons of such concepts methods and problems Finally based on such twofold historical and philosophical approach and thanks to a substantial reinterpretation of some key phenomenological concepts such as multiplicity constitution attitude and variation this book provides a novel and original reading of Husserl's overall philosophical project in its full meaning and scope By doing so this volume appeals to both students and researchers and critically engages in mainstream interpretations of phenomenology suggesting a unique take on the idea of transcendental phenomenology as a whole

**Martinus Nijhoff. [With a List of His Works.]** José de Poortere, Martinus NIJHOFF (the Younger.), 1960 *Children and International Human Rights Law* Aisling Parkes, 2013-08-15 The United Nations Convention on the Rights of the Child 1989 is one of the most highly ratified human rights treaties in the world with 192 states currently signed up to it Article Twelve is fundamental to the Convention and states that all children capable of forming views have the right to express those views and recognises that all children have the right to be heard in any judicial and administrative proceedings affecting them This book explores the historical and theoretical background to Article Twelve and examines the various models of participation which have been created to facilitate a better understanding of this provision Aisling Parkes analyzes the extent to which Article Twelve has been implemented under international law and in domestic law as well as setting out recommendations for the most effective ways of implementing Article Twelve in all areas of children's lives A Short Description of the Firm Martinus Nijhoff, Bookseller and Publisher, Offered to the Ladies and Gentlemen Visiting The Hague in August 1928 During Their Bibliographical Tour and Pilgrimage to Europe Martinus Nijhoff Publishers, 1928

**A Choice Collection of Important Books on European History** Martinus Nijhoff, 2013-04-17 **The Interception of Vessels on the High Seas** Efthymios Papastavridis, 2014-08-28 The principal aim of this book is to address the international legal questions arising from the right of visit on the high seas in the twenty first century This right is considered the most significant exception to the fundamental principle of the freedom of the high seas the freedom in peacetime to remain free of interference by ships of another flag It is this freedom that has been challenged by a recent significant increase in interceptions to counter the threats of international terrorism and WMD proliferation or to suppress transnational organised crime at sea particularly the trafficking of narcotics and smuggling of migrants The author questions whether the principle of non interference has been so significantly curtailed as to have lost its relevance in the contemporary legal order of the oceans The book begins with an historical and theoretical examination of the framework underlying interception This historical survey informs the remainder of the work which then looks at the legal framework of the right of visit

contemporary challenges to the traditional right interference on the high seas for the maintenance of international peace and security interferences to maintain the bon usage of the oceans navigation and fishing piracy j ure gentium and current counter piracy operations off the coast of Somalia the problems posed by illegal unregulated and unreported fishing interdiction operations to counter drug and people trafficking and recent interception operations in the Mediterranean Sea organised by FRONTEX      **The China Review, Or, Notes and Queries on the Far East** ,1876      *A Choice Collection of Important Books on European History from the Stock of Martinus Nijhoff*, Bookseller Martinus-Nijhoff (The Hague),1930

## Over Martinus Nijhoff Introduction

In today's digital age, the availability of Over Martinus Nijhoff books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Over Martinus Nijhoff books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Over Martinus Nijhoff books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Over Martinus Nijhoff versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Over Martinus Nijhoff books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Over Martinus Nijhoff books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Over Martinus Nijhoff books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Over Martinus Nijhoff books and manuals for download have transformed the way we access information. They provide a

cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Over Martinus Nijhoff books and manuals for download and embark on your journey of knowledge?
