Overstreet, 2009 Lists current prices for comic books and offers advice on collecting storing and selling them **Bertrand Russell and the Nature of Propositions** Samuel Lebens, 2017-05-25 Bertrand Russell and the Nature of Propositions offers the first book length defence of the Multiple Relation Theory of Judgement MRTJ Although the theory was much maligned by Wittgenstein and ultimately rejected by Russell himself Lebens shows that it provides a rich and insightful way to understand the nature of propositional content In Part I Lebens charts the trajectory of Russell's thought before he adopted the MRTJ Part II reviews the historical story of the theory What led Russell to deny the existence of propositions altogether Why did the theory keep evolving throughout its short life What role did G F Stout play in the evolution of the theory What was Wittgenstein's concern with the theory and if we can't know what his concern was exactly then what are the best contending hypotheses And why did Russell give the theory up In Part III Lebens makes the case that Russell's concerns with the theory weren't worth its rejection Moreover he argues that the MRTJ does most of what we could want from an account of propositions at little philosophical cost This book bridges the history of early analytic philosophy with work in contemporary philosophy of language It advances a bold reading of the theory of descriptions and offers a new understanding of the role of Stout and the representation concern in the evolution of the MRTJ It also makes a decisive contribution to philosophy of language by

demonstrating the viability of a no proposition theory of propositions The Overstreet Comic Book Price Guide Robert M. Overstreet,1989 **Way Cool Web Sites** Richard Raucci,Elizabeth Crane,Jerry Yang,1996 The Official Overstreet
